*A Guide to Serial Publications Founded Prior to 1918 and Now Or Recently Current in Boston, Cambridge, and Vicinity* Thomas Johnston Homer,1922

*Husserl: A Guide for the Perplexed* Matheson Russell,2010-06-15  
Continuum s Guides for the Perplexed are clear concise and accessible introductions to thinkers writers and subjects that students and readers can find especially challenging Concentrating specifically on what it is that makes the subject difficult to fathom these books explain and explore key themes and ideas guiding the reader towards a thorough understanding of demanding material Edmund Husserl s work is a cornerstone of Continental philosophy and the phenomenological tradition Husserl stands as a key influence on such major philosophers as Heidegger Merleau Ponty and Sartre and is required reading for anyone studying phenomenology and European philosophy of the last 100 years However the complex ideas central to his work and the rather convoluted language in which they are expressed mean that arriving at a full and clear

understanding of Husserlian phenomenology is no small undertaking Husserl A Guide for the Perplexed addresses directly those major points of difficulty faced by students of Husserl and leads them expertly through the maze of complex ideas and language In identifying and working through common sources of confusion arising from Husserl s philosophy the book builds up a comprehensive and authoritative overview of his thought and more broadly of phenomenology itself The text covers the central tenets of phenomenology Husserl s work on consciousness and key philosophical topics in Husserl including psychologism intersubjectivity the lifeworld and the crisis of the sciences      Official Gazette of the United States Patent and Trademark Office United States.
