E-book: Essentials of Corporate Finance Ross, 2016-04-16 E book *Essentials of Corporate Finance* *The Economist Numbers Guide (6th Ed)* The Economist, 2014-01-28 The Economist Numbers Guide is invaluable for everyone who has to work with numbers which in today's commercially focused world means most managers. In addition to general advice on basic numeracy the guide points out common errors and explains the recognized techniques for solving financial problems analyzing information of any kind forecasting and effective decision making. Over 100 charts graphs tables and feature boxes highlight key points and great emphasis is put on the all important aspect of how you present and communicate numerical information effectively and honestly. At the back of the book is an extensive A Z dictionary of terms covering everything from amortization to zero sum game. Whatever your business whatever your management role for anyone who needs a good head for figures The Economist Numbers Guide will help you achieve your goals. **Corporate Finance** Terence C.M.

Tse, 2023-12-22 *Corporate Finance The Basics* is a concise introduction to the inner workings of finance at the company level. It aims to take the fear out of corporate finance and add the fun in presenting the subject in a way that is simple to grasp and easy to digest. Its aim is to explain and demystify the essential ideas of corporate finance avoiding the heavy use of maths and formulae. The calculations and figures in the book are purely to illustrate fundamental concepts appealing to readers common sense rather than stretching their ability to do number crunching. This fully revised edition takes into account the most recent developments in the corporate financial landscape including the longer term ramifications of the 2008 financial crisis the impact of the Covid 19 pandemic rising inflation and the current economic climate and the effect of environmental social and governance ESG on a company's financial decisions. A brand new chapter which seeks to answer the question of how to manage growing businesses from a finance perspective is also included. Through the use of a subject map this book explains how the key components of the subject are connected with each other strengthening the reader's understanding. This book is the ideal introduction for anyone looking for a short yet scholarly overview of corporate finance. [Foundations of Airline Finance](#) Bijan Vasigh, Zane C. Rowe, 2019-07-02 There are few industries that have had a more profound impact on business and society over the last century than aviation. This book is an accessible up to date introduction to the current state of the aviation industry which provides readers with the tools necessary to understand the volatile and often complicated nature of airline finance. Understanding finance is critical in any industry however the financial track record of the airline industry places even more importance on effective financial management. *Foundations of Airline Finance* provides an introduction to the basics of finance including time value of money the valuation of assets and revenue management and the particular intricacies of airline finance where there can be wild fluctuations in both revenues and costs. The third edition of this text has been extensively updated to reflect the many changes in the air transport industry that have taken place since the publication of the second edition and features an expanded chapter on aircraft leasing and many new international case examples. This

thorough introduction to aviation finance is valuable reading as a general introductory financial text or as reading in specialized airline finance classes
