exceptions cases in the People's Court had predetermined guilty verdicts. It was Freisler for example who tried three activists of the White Rose resistance movement in February 1943. He found them guilty of treason and sentenced the trio to death by beheading, a sentence carried out the same day by guillotine. In August 1944 Freisler played a central role in the show trials that followed the failed attempt to assassinate Adolf Hitler on 20 July that year, a plot known more commonly as Operation Valkyrie. Many of the ringleaders were tried by Freisler in the People's Court. Nearly all of those found guilty were sentenced to death by hanging, the sentences being carried out within two hours of the verdicts being passed. Roland Freisler's mastery of legal texts and dramatic courtroom verbal dexterity made him the most feared judge in the Third Reich. In this in-depth examination Helmut Ortner not only investigates the development and judgments of the Nazi tribunal but the career of Freisler, a man who was killed in February 1945 during an Allied air raid. **Blood Red Snow** Günter K.

Koschorrek, 2011-04-13 A German soldier recounts his experience serving along the deathly cold Eastern Front, fighting the Russian army in World War II. Günter Koschorrek wrote his illicit diary on any scraps of paper he could lay his hands on, storing them with his mother on infrequent trips home on leave. The diary went missing and it was not until he was reunited with his daughter in America, some forty years later, that it came to light and became *Blood Red Snow*. The author's excitement at the first encounter with the enemy in the Russian Steppe is obvious. Later the horror and confusion of fighting in the streets of Stalingrad are brought to life by his descriptions of the others in his unit, their differing manners and techniques for dealing with the squalor and death. He is also posted to Romania and Italy; assignments he remembers fondly compared to his time on the Eastern Front. This book stands as a memorial to the huge numbers on both sides who did not survive and is some six decades later the fulfilment of a responsibility the author feels to honor the memory of those who perished. **Culture Clash** Mark A. Gabriel, 2007 A former lecturer at Al Azhar University explains the mysterious attitudes of the Muslim world and tells why they resist principles such as equality for women, freedom of speech and other ideals that Americans see as secular, nonreligious and good for all people. **Drugs as Weapons Against Us** John L.

Potash, 2015-05-25 *Drugs as Weapons Against Us* meticulously details how a group of opium trafficking families came to form an American oligarchy and eventually achieved global dominance. This oligarchy helped fund the Nazi regime and then saved thousands of Nazis to work with the Central Intelligence Agency. CIA operations such as MK Ultra pushed LSD and other drugs on leftist leaders and left-leaning populations at home and abroad. Evidence supports that this oligarchy further led the United States into its longest running wars in the ideal areas for opium crops while also massively funding wars in areas of coca plant abundance for cocaine production under the guise of a war on drugs that is actually the use of drugs as a war on us. *Drugs as Weapons Against Us* tells how scores of undercover U.S. Intelligence agents used drugs in the targeting of leftist leaders from SDS to the Black Panthers, Young Lords, Latin Kings and the Occupy Movement. It also tells how they particularly targeted leftist musicians including John Lennon, Jimi Hendrix, Kurt Cobain and Tupac Shakur to promote drugs while later

murdering them when they started sobering up and taking on more leftist activism The book further uncovers the evidence that Intelligence agents dosed Paul Robeson with LSD gave Mick Jagger his first hit of acid hooked Janis Joplin on amphetamines as well as manipulating Elvis Presley Eminem the Wu Tang Clan and others *The Persecution of Christians Concerns Us All* Thomas Schirrmacher, 2018-05-10 In this situation I can highly recommend Dr Thomas Schirrmacher's new book It gives a clear and logical insight in many of the questions even people who consider themselves nonreligious people now ask It can best be read with an open Bible and some open daily newspaper It will give a surprisingly new insight into what it means to live in a time like this From the preface by the Very Rev Johan Candelin Director of the Religious Liberty Commission of the World Evangelical Alliance Suffering comes in many forms but the one that Scripture tells all Christians to expect is persecution for one's faith As Thomas Schirrmacher's theological study will demonstrate the Bible has a tremendous amount to teach us about persecution Without a Biblical understanding we are unlikely to fully grasp the nature of the spiritual battle I am delighted therefore that his book puts the Bible's teaching on persecution centre stage Preface by Julia Doxat Purser Socio Political Representative the WEA represents churches with 600 million members altogether He also is a member of the board of the International Society for Human Rights Schirrmacher regularly testifies in the German parliament and other parliaments in Europe as well as in the EU in Brussels the OSCE in Vienna and other international bodies His has written 102 books three of his newest books are Fundamentalism Racism and Human Trafficking He has earned four doctorates in missiology and ecumenical theology in cultural anthropology in ethics and in sociology of religion and received two honorary doctorates from the USA and India *The Conflict of the Ages Teacher Edition I The Scientific History of Origins* Michael J. Findley, Mary C. Findley, Teacher Edition includes complete student text review questions vocabulary and answer keys The Conflict of the Ages is a Multi Part exploration of History Science and ancient Literature This first installment covers the concepts of God time Creation physics cosmology and specifics about each day of Creation We make comparisons with ancient sources to see where they agree with the Scriptural account We reference classic and modern scientific views exposing errors preconceptions presuppositions and falsehoods taught as fact by the mainstream scientific community God is the first witness and the Bible the first eyewitness account of beginnings and origins Other ancient documents contain at least some truths and parallel accounts *German U-Boat Losses During World War II* Axel Niestlé, 2014-06-30 A deep dive into the fate of German submarines lost during the Second World War This has to be the best reference you can find on the subject Military Modelling No other publication on this subject comes even close to including the amount of detail provided in this book An introduction both summarizes previous works on the subject and describes the difficulties of obtaining and verifying information from either the Germans or the Allies on U boat losses The main part of the book lists by hull number each U boat's date of commissioning its commanding officer and the date and port of departure for its last patrol It also gives the date position and cause of loss of each submarine with complete details on Allied units involved

in the sinking the names and ranks of their commanding officers and pilots and the number of crew killed or rescued An appendix neatly summarizes data on the disposition of surviving U boats at the end of the war and provides valuable statistical data on German U boat losses Highly recommended for every serious scholar of the Atlantic war and every library in naval history and the history of the Second World War The Mariner s Mirror The level of detail is quite impressive and this edition is the result of 16 years of further research since the first edition If you are seeking data on the fate of U Boats then this book should be your first place of call no other book has such detailed data Military Archive Research *Wars of the Americas* David F. Marley,2008-02-11 A comprehensive account of every major war and battle fought in the Americas this revised edition of the award winning Wars of the Americas offers up to date scholarship on the conflicts that have shaped a hemisphere When it was first published in 1998 Wars of the Americas A Chronology of Armed Conflict in the Western Hemisphere was the only major reference focused exclusively on warfare in all its forms in North Central and South America over the past five centuries Now this acclaimed resource returns in a dramatically expanded new edition For its second edition Wars of the Americas has been doubled in size to two full volumes the first covers all wars and major battles from the earliest Spanish conquests through the 18th century colonial rivalries that gripped the hemisphere The second volume covers covers the American Revolutionary War and all subsequent conflicts up to the present In addition to exhaustive updating throughout and a deeper focus on the historical context of each conflict the new edition includes new coverage of the present day drug cartel wars international terrorism and the ever evolving relationships between the United States and the nations of Latin America
