"The appreciation of the arts makes us human." Do you agree?

Humans are the only beings capable of expressing free will and creativity, and are the only ones with the ability to create from imagination alone. Though some may dismiss the appreciation of the arts as a frivolous pastime or an exclusive activity within the confines of the artistic community, it is what makes us human as it celebrates the human ingenuity to create. The appreciation of the arts allows us to reflect on the human condition as it provides social commentary, and allows us to find common ground with one another, thus forming cultural communities that enhance the appreciation of the arts is definitely what equates to being human.
