## 2019-2020 ACADEMIC YEAR WORKSHEET FOR 7TH CLASSES

### A: READ THE PASSAGE AND DO THE EXERCISES.

It has been confirmed that late on the night of the second of March, a large blue van ran into the butcher's on Greenland Street. After an initial investigation by police, it is now clear that the van had no driver at all. The locals are asking a simple question: "Where was the driver?" If the police want to solve this mystery, they will need the CCTV footage from the street. One of the locals said: "We're all quite worried about a van with no driver. This van has never been seen in the neighbourhood before. If we'd seen that van before, we'd have solved this mystery." Many locals share the same concerns. They want to know what's happening in their town. A witness at the crime scene told police: "There was a loud noise coming from the van while it was going towards the building and its speed.... it was unbelievable. If it had been going slower, I would've had a chance to see the driver. But all I saw was the van speeding into the butcher's as fast as it could. "

The police have already spoken with twenty other residents but no one knows any further details about the incident. Superintendent Timothy Hawkins remarked: "This is a tough case. The van licence plate belongs to this town, but nobody has seen it here. According to the town records, the owner of the van moved away from here years ago. No one knows where to. If we located the owner, we'd probably solve this mystery."

If a van moves, then it has a driver. Well, maybe we should change this basic assumption on account of this mysterious blue van.
