Grands Auteurs Pense Conomique:

L'indispensable de la pensée économique Christophe Bormans, 2003-01-16 Les thèses et les concepts abordés Etat monnaie tiers monde etc permettent de rebondir travers l'histoire de la pensée conomique Les grandes étapes de l'histoire économique Yves Carsalade, 2002 **Grands auteurs et influenceurs de la qualité** Arnaud Eve, Mourad Attarça, Michel Baupin, Danièle Bénézech, Marc Bonnet, Luis Bueno, Younès El Manzani, Gilles Lambert, Anne Maurand-Valet, Anne Mione, 2023-09-05 La qualité d'un produit d'un service tient une grande place dans les sciences de gestion et du management et justifie ainsi pleinement de s'intéresser aux auteurs et influenceurs qui ont façonné ce concept. Chaque chapitre est ainsi consacré à un ou plusieurs auteurs ou influenceurs de la qualité et est structuré de la même manière : une présentation biographique de l'auteur, l'exposé de ses contributions et apports à la science de la qualité, l'analyse critique des principes et concepts dégagés et la confrontation à la mise en pratique au travers d'exemples Histoire de la pensée économique Roger Dehem, 1984 **Le néolibéralisme à travers la pensée économique** André Joyal, 2000

Introduction à l'analyse économique Jean-Marie Chevalier, 1993-12-31 T23:00:00+01:00 Cet ouvrage est une introduction à l'analyse conomique. Il est destiné aux étudiants de premier cycle d'université et des grandes écoles mais aussi aux hommes et aux femmes engagés dans la vie professionnelle qui cherchent à couvrir ce que le mot conomie veut dire. Au fil de cet ouvrage, on passe en revue ce qui a été dit et proposé par les grands conomistes qui ont façonné la science conomique contemporaine. On développe la théorie de la consommation et celle de la demande, on cherche à confronter ces théories à la réalité conomique telle qu'elle se présente à nos yeux, on regarde partir des chiffres comment se présentent le chômage, l'inflation, la croissance. On examine enfin les grands problèmes conomiques du monde contemporain. L'originalité de ce manuel au-delà d'une présentation claire et pédagogique des théories et concepts conomiques de base est d'appuyer cette présentation sur des exemples concrets puisés dans l'actualité conomique et de proposer au lecteur les principaux instruments qui lui permettent de poser un regard neuf sur l'environnement qui l'entoure. Cet ouvrage est le résultat du travail mené par l'équipe pédagogique de première année de l'université Paris Nord. Philippe Barbet, Laurent Benzoni, Arezki Dahmani, Olivier Pastré, Haïc Han Tran, Robert Zarader. **Histoire de la pensée économique en Italie** Henri Bartoli, 2003 Traite de l'histoire de la pensée conomique en Italie du XIe siècle jusqu'à nos jours. Remplace la pensée conomique dans la complexité des problèmes de la société.

Les prophètes du bonheur Alain Minc, 2004-03-31 La science conomique vit au-dessus de ses moyens. Elle prétend tenir les deux extrêmes d'un fil qui va de l'abstraction la plus sottise à la réalité la plus quotidienne. L'conomie est une étrange religion qui la diffère des religions réelles : elle doit apporter chaque jour la preuve de l'existence de son Dieu. On attend d'elle la richesse, la prospérité et le bonheur. Ses penseurs, ceux qui ont scandé l'histoire de l'conomie, sont en effet tous leur manière des prophètes du bonheur. Convaincu que

dans la réalité l'économie n'est au contraire que bricolage Alain Minc est reparti à l'assaut de ses prophéties du bonheur Il l'a fait la lumière de son expérience particulière familière de la théorie mais immergé dans la pratique connaisseur de la théorie de l'entrepreneur mais confident des tycoons contemporains vieux lecteur de Marx mais défenseur du marché D'où cette histoire personnelle de la pensée économique par le choix des auteurs par le regard posé sur eux par les leçons tirées On en ressort avec une hiérarchie différente rhabillations r surrections excommunications mais surtout avec une boîte outils Elle puise chez les uns et les autres et vise affronter les chocs du quotidien avec un système de pensée qui fait l'empirique a fait ses preuves

Economics as Rhetoric Anne Isla, 2024-07-26 Bernard Maris was killed in Paris on January 7 2015 during the terrorist attack against the satirical magazine Charlie Hebdo He remains one of the most original intellectuals of contemporary France but despite being a uniquely original heterodox thinker his international reputation has been compromised by the fact that his writings are inaccessible to non-French speakers This book remedies that By providing an overview of Bernard Maris' life and intellectual trajectory as well as an English translation of an anthology of his most relevant writings this volume provides the international audience for the first time ever the chance to know and understand the contribution of this major heterodox economist An outstanding and

atypical figure in economic thought and a virulent critic of mainstream dominant economics he was also an all round actor and thinker of his time Through rigorous reasoning he questioned the notion of well being which he argued is too often conflated with having more Enslavement by work or the endless destructive accumulation of natural wealth is also inherent to the capitalist system Probably his most original contribution is his epistemological reflection on the very nature of economics and his appraisal of this discipline as a form of rhetoric This book will be of great interest to readers in heterodox economics economic methodology epistemology and French literature and culture more broadly
