The Desire Trilogy Theodore Dreiser, 2023-11-30 The Desire Trilogy comprising *Sister Carrie* *Jennie Gerhardt* and *The Financier* stands as a monumental exploration of desire ambition and the often harsh realities of American life in the early 20th century Dreiser's naturalistic style is characterized by detailed character studies and a focus on social conditions which collectively create a vivid tableau of the American Dream's complexities The trilogy delves into the inner workings of its protagonists' psyches as they grapple with societal restraints moral dilemmas and the insatiable pursuit of happiness all within a society that frequently prioritizes material success over individual fulfillment Theodore Dreiser 1871-1945 was an influential American novelist and a pivotal figure in the naturalism literary movement Raised in a lower middle class family his experiences with poverty and social injustice informed his writing and propelled him to critically examine the social fabric of America Dreiser's thoughtful portrayals of flawed ambitious characters reflect both the struggles of his time and his profound understanding of human nature shaping him into a formidable voice for realism in literature This trilogy is highly recommended for readers interested in the intersection of desire and societal constraints Dreiser's mastery of narrative and character invites a deep engagement with the text prompting readers to reflect on their own aspirations and the often harsh conditions that can hinder them The Desire Trilogy remains not only a critical piece of American literature but also a timeless commentary on the human condition

Desire and Consent in Representations of Adolescent Sexuality with Adults Maureen Turim, Diane Waldman, 2023-10-02 This book presents an innovative comparative view of how the issue of adolescent sexuality and consent is differently treated in various media Analyzing teenage sexual encounters with adults across a variety of media including

Desire, and the Hollywood Novel Chip Rhodes, 2008-09 The story of what happens when a serious writer goes to Hollywood has become a cliché the writer is paid well but underappreciated treated like a factory worker and forced to write bad formulaic movies Most fail become cynical drink to excess and at some point write a bitter novel that attacks the film industry in the name of high art Like many too familiar stories this one neither holds up to the facts nor helps us understand Hollywood novels Instead Chip Rhodes argues these novels tell us a great deal about the ways that Hollywood has shaped both the American political landscape and American definitions of romance and desire Rhodes considers how novels about the film industry changed between the studio era of the 1930s and 1940s and the era of deregulated film making that has existed since the 1960s He asserts that Americans are now driven by cultural rather than class differences and that our mainstream notion of love has gone from repressed desire to abnormal desire to finally strictly business **Politics Desire and the Hollywood Novel** pays close attention to six authors Nathanael West Raymond Chandler Budd Schulberg Joan Didion Bruce Wagner and Elmore Leonard who have toiled in the film industry and written to tell about it More specifically Rhodes considers both screenplays and novels with an eye toward the different formulations of sexuality art and ultimately political action that exist in these two kinds of storytelling **The Storm Trilogy** Theodore Huntington, 2023-12-13 All three books

in Theodore Huntington's *The Storm Trilogy* now available in one volume Doug Maxwell A boy from a fractured home Doug Maxwell has an incredible secret Having been bestowed amazing strength by an event in his childhood Doug can now work towards fulfilling his greatest wish But after reporter Sue Ohuna notices that something is not quite human about Doug she risks her career trying to uncover his secret As stakes get higher Doug soon needs to make decisions that will change the course of his life Charlie Estrella He's the greatest musician the world has ever seen but what is the secret behind Charlie Estrella's magical gifts The second book in Theodore Huntington's *The Storm Trilogy* follows a tale of another supernatural hero This time it is young Charlie Estrella who is granted his greatest wish by the Storm But can he find his true destiny or will he be thwarted by his foes Larry Ever since he was born thoroughbred Larry has faced adversity Bestowed with a

miraculous gift by a supernatural storm Larry is climbing to the heights of triumph Protected by his best friend a jockey with her own magical gift Larry gallops through hurdle after hurdle But can he conquer his obstacles and emerge as a symbol of indomitable will Obscure Objects of Desire Johanna Malt,2004 Publisher description Love's trilogy [in verse]. Thomas Sinclair,1876 Doom, Desire and the Polis in Eugene O'Neill's Drama Adel Bahroun,2023-01-24 This book shows that Eugene O'Neill's modern American drama is a survey on the politics of desire the power of doom and the variable configurations of the polis It highlights that the modern American city or polis is the stage on which the antithetic categories of doom and desire are re-enacted in different undertones The text notes that desire doom schizophrenia and the archeology of the polis are reconceived by the playwright while legacy sexuality lucre and the volatility of the free flow of capital entrap the American subject in a maze of qualms and queries Subjection and resistance give birth to schizorevolutionary subjects seeking lines of flight Indeed as noted here O'Neill's plays portray their protagonists as desiring machines trying to evade the modern closed circles of power and various modes of becoming to use Gilles Deleuze's concept O'Neill encounters Deleuze at the level of thoughts and sensations anticipating postmodern plateaus for the human subject to grow into a rhizome

Noorani,2010-04-26 This work is a study of the nature and origin of nationality and modern social ideals in the Middle East particularly Egypt in the late nineteenth to mid twentieth centuries Bringing together writings on political and social reform with literary works Noorani challenges dominant assumptions about the emergence of modernity It shows that while nationalist liberal and democratic ideals emerged in the Middle East under European influence these ideals were nevertheless created out of existing cultural values by reformers and intellectuals The central element of this process the book argues was the transformation of virtue into nationality **Israeli Film** Amy Kronish,Costel Safirman,2003-05-30 Israeli cinema is a central tool for understanding the contemporary challenges facing Israeli society as it has developed its identity during the past decades Although films can be considered individual pieces of work we can gain a unique perspective on the nation's society through a careful analysis of the subject matter issues and styles of expression of this unique medium Since its inception Israeli cinema has been occupied with the hardships of an ongoing war problems of Jewish Arab relations and the major survival issues of the state Despite this focus Israeli filmmaking is in fact much more complex and varied Indeed it covers a wide spectrum of issues that have developed during the 70 years during the production of its first feature film Israeli Film A Reference Guide provides a survey of all major films made in Israel as well as biographies of major Israeli filmmakers and an overview essay summarizing major trends in Israeli film and in doing so offers a commentary on social trends historical challenges and societal issues **Satan, the Waster, a Philosophic War Trilogy with Notes & Introduction** Vernon Lee,1920 *Drama in the Modern World: Plays & Essays* ,1996 **A Companion to Twentieth-Century United States Fiction** David Seed,2010-01-21 Through a wide ranging series of essays and relevant readings A Companion to Twentieth Century United States Fiction presents an overview of

New Nonfiction Film Dara Waldron, 2018-08-09 New Nonfiction Film Art Poetics and Documentary Theory is the first book to offer a lengthy examination of the relationship between fiction and documentary from the perspective of art and poetics The premise of the book is to propose a new category of nonfiction film that is distinguished from as opposed to being conflated with the documentary film in its multiple historical guises a premise explored in case studies of films by distinguished artists and filmmakers Abbas Kiarostami Ben Rivers Chantal Akerman Ben Russell Pat Collins and Gideon Koppel The book builds a case for this new category of film calling it the new nonfiction film and argues in the process that this kind of film works to dismantle the old distinctions between fiction and documentary film and therefore the axioms of Film and Cinema Studies as a discipline of study

The Imaginary Caribbean and Caribbean Imaginary Michèle Praeger, 2003-01-01 Michele Praeger seeks an answer by bringing the Caribbean discourses of French traditional criticism and American social sciences particularly history and psychoanalysis into conversation with the imaginings of the Caribbean in the form of fiction by Edouard Glissant Patrick Chamoiseau Raphael Confiant Maryse Conde Michele Lacrosil and Suzanne Césaire

The Modern Androgyne Imagination Lisa Rado, 2000 In the late nineteenth century as changing cultural representations of gender roles and categories made differences between men and women increasingly difficult to define theorists such as Havelock Ellis Richard von Krafft-Ebing and Sigmund Freud began to postulate a third androgynous sex For many modern artists this challenge to familiar hierarchies of gender represented a crisis in artistic authority Faced with the failure of the romantic muse and other two sex tropes for the imagination James Joyce H D William Faulkner Virginia Woolf and other modernist writers of both sexes became attracted to a culturally specific notion of an androgynous imagination In *The Modern Androgyne Imagination* Lisa Rado explores the dynamic process through which these writers filled the imaginative space left by the departed muse For Joyce the androgynous imagination meant experimenting with the idea of a new womanly man H D personified her overmind as the androgynous Ray Bart Faulkner supplanted the muse with the hermaphrodite And Woolf became a kind of psychic transsexual Although they selected these particular tropes for different reasons literary men and women shared the desire to embody perceived strengths of both sexes and to transcend sexual and artistic limitation altogether However courting this androgynous imagination was a risky act It often evoked the dynamics even the specific vocabulary of the sublime which Rado characterizes as a perilous confrontation with and attempted identification between self and the transcendent other that powerful androgynous creative mind through which they hoped to generate authority and find inspiration This empowerment toward which Joyce H D Faulkner and Woolf gesture in texts such as *Ulysses* *HERmione* *The Sound and the Fury* and *Orlando* is rarely achieved Joyce and Faulkner were unable to silence

their fears of feminization and the female body while H D and Woolf remained troubled by the threat of ego incorporation and self erasure that the androgynous model of the imagination portends Still their pursuit of new imaginative tropes yields important insights into the work of these writers and of literary modernism **Space and Place in The Hunger Games**

Deidre Anne Evans Garriott, Whitney Elaine Jones, Julie Elizabeth Tyler, 2014-03-25 An international bestseller and the inspiration for a blockbuster film series Suzanne Collins's dystopian young adult trilogy The Hunger Games has also attracted attention from literary scholars While much of the criticism has focused on traditional literary readings this innovative collection explores the phenomena of place and space in the novels how places define people how they wield power to create social hierarchies and how they can be conceptualized carved out imagined and used The essays consider wide ranging topics the problem of the trilogy's Epilogue the purpose of the love triangle between Katniss Gale and Peeta Katniss's role as mother and the trilogy as a textual safe space to explore dangerous topics Presenting the trilogy as a place and space for multiple discourses political social and literary this work assertively places The Hunger Games in conversation with the world in which it was written read and adapted
