Henry A. Giroux

Grave In Gaza:

A Grave in Gaza Matt Rees, 2008-02-01 Omar Yussef must confront the dark side of Gaza corruption bribery murder and kidnapping in his struggle to free an innocent man and honor the dead Omar and his boss Magnus travel to the Gaza Strip to inspect the UN schools in the Gaza refugee camps The trip is just a routine visit but upon their arrival they meet James Cree the UN security officer for Gaza who tells them that a teacher at one of their schools has been imprisoned for allegedly spying As they try to free the teacher and manage the explosive political situation they find themselves in a dangerous confrontation with Gaza's warring government factions and the local criminal gangs

The Burden of Conscience Henry A. Giroux, 2025-02-20 In *The Burden of Conscience* Giroux confronts the insidious rise of fascism infiltrating today's politics and education alongside the suffocating silence that paralyzes our will to resist and speak truth to power He decries the moral apathy in the face of the slaughter of children in Israel and the mass killing in Gaza positioning this silence as part of a broader ominous affliction of our age the fusion of colonialism and neoliberal capitalism He calls for a groundswell of resistance urging a movement to reclaim education as a public good where critical education becomes an expression of freedom a crucible of literacy liberation and collective empowerment Drawing on his own childhood he intertwines the personal with the political unearthing the complexities of class whiteness and race showing that individual and collective actions must converge to dismantle oppressive systems Finally he argues that education is a powerful tool giving us in the words of Gayatri Chakravorty Spivak the power to think the absent Only through this awakening can a critical public consciousness emerge sparking a multiracial working class movement capable of challenging entrenched systems of oppression and bringing about true social transformation and radical democracy

A High Price Daniel Byman, 2011-06-15 The product of painstaking research and countless interviews *A High Price* offers a nuanced definitive historical account of Israel's bold but often failed efforts to fight terrorist groups Beginning with the violent border disputes that emerged after Israel's founding in 1948 Daniel Byman charts the rise of Yasir

Arafat's Fatah and leftist groups such as the Popular Front for the Liberation of Palestine organizations that ushered in the era of international terrorism epitomized by the 1972 hostage taking at the Munich Olympics Byman reveals how Israel fought these groups and others such as Hamas in the decades that follow with particular attention to the grinding and painful struggle during the second intifada Israel's debacles in Lebanon against groups like the Lebanese Hizballah are examined in depth as is the country's problematic response to Jewish terrorist groups that have struck at Arabs and Israelis seeking peace In surveying Israel's response to terror the author points to the coups of shadowy Israeli intelligence services the much emulated use of defensive measures such as sky marshals on airplanes and the role of controversial techniques such as targeted killings and the security barrier that separates Israel from Palestinian areas Equally instructive are the shortcomings that have undermined Israel's counterterrorism goals including a disregard for long term planning and a failure to recognize the long term political repercussions of counterterrorism tactics

The Vanishing Janine di Giovanni, 2021-10-05 The Vanishing reveals the plight and possible extinction of Christian communities across Syria Egypt Iraq and Palestine after 2 000 years in their historical homeland Some of the countries that first nurtured and characterized Christianity along the North African Coast on the Euphrates and across the Middle East and Arabia are the ones in which it is likely to first go extinct Christians are already vanishing We are past the tipping point now tilted toward the end of Christianity in its historical homeland Christians have fled the lands where their prophets wandered where Jesus Christ preached where the great Doctors and hierarchs of the early church established the doctrinal norms that would last millennia From Syria to Egypt the cities of northern Iraq to the Gaza Strip ancient communities the birthplaces of prophets and saints are losing any living connection to the religion that once was such a characteristic feature of their social and cultural lives In The Vanishing Janine di Giovanni has combined astonishing journalistic work to discover the last traces of small hardy communities that have become wisely fearful of outsiders and where ancient rituals are quietly preserved amid 360 degree threats Di Giovanni's riveting personal stories and her conception of faith and hope are intertwined throughout the chapters The book is a unique act of pre archeology the last chance to visit the living religion before all that will be left are the stones of the past
