His Revenge Roxy Sinclaire, I will avenge my family by killing his but spare his fine daughter for myself I just found out that the man who raised me isn't my real father He was hired by the head of the mafia Quinn to kill my family But he kept me alive all these years like his own son I'm going to take Quinn's family down the same he did to mine One by one After seeing his daughter Teagan I questioned what I was going to do Never have I seen a woman as beautiful as her She came to my bed that night Her body was better than chocolate I knew I needed her help As luck of the Irish would have it convincing her wouldn't be too hard But then I found out she was carrying my baby I don't know if I can avenge my family alone Not with her being the mother of my child Or its grandfather my major target But when I want something I take it No compromises This is book 4 of the Omerta series This is a bad boy mafia revenge romance There is NO cheating NO cliffhanger and a guaranteed happy ending

Dangerous Indulgence Roxy Sinclaire, She was so irresistibly sweet I won't leave without a taste She kept changing her identity So much so that I couldn't even recognize her She thought I was a businessman Who just happened to stop by her bakery What she didn't know was that she was my target Her ex was locked up in jail She was the one who ratted him out to the Feds I had to keep my own weapons in check And by weapons I mean what's in between my legs Because my emotions got the better of me When she started adding extra chocolate in my mocha I had a job to do But I didn't want to do it I'll have to do something to get what I want Because if not my boss will put me on his hit list This is book 6 of the Omerta series This is a dark mafia romance There is NO cheating NO cliffhanger and a guaranteed happy ending

Emotion Robert D. Kavanaugh, Betty Zimmerberg, Steven Fein, 1996 This volume represents a range of approaches both theoretical and applied to the topic of emotion by neuroscientists developmentalists social and personality psychologists and clinical psychologists Readers should appreciate the diversity of questions and methods presented as well as note the common ground that emerges in these discussions Chapter coverage ranges from the neural bases of emotion to the role of emotion in psychotherapy There are vigorous discussions regarding the concept of emotion its role in development and its application to contemporary problems such as violence and war The papers in this volume begin a dialogue about possible intersections in the study of emotion from scholars who embrace sharply different perspectives on this complex topic a fitting tribute in memory of G Stanley Hall

Schooling, Democracy, and the Quest for Wisdom Robert V Bullough, John R Rosenberg, 2018-09-07 Winner of 2019 Society of Professors of Education Outstanding Book Award and 2019 Critics Choice Book Award from AESA In response to growing concern in the 1980s about the quality of public education across the United States a tremendous amount of energy was expended by organizations such as the Holmes Group and the Carnegie Forum to

organize professional development schools PDS or partner schools for teacher education On the surface the concept of partnering is simple however the practice is very costly complex and difficult In *Schooling Democracy and the Quest for Wisdom* Robert V Bullough Jr and John R Rosenberg examine the concept of partnering through various lenses and they address what they think are the major issues that need to be but rarely are discussed by thousands of educators in the U S who are involved and invested in university public school partnerships Ultimately they assert that the conversation around partnering needs re centering most especially on the purposes of public education refreshing and re theorizing

Reclaiming Education in the Age of PISA Vasco d'Agnese, 2017-08-23 *Reclaiming Education in the Age of PISA* provides a critical analysis of the OECD's educational agenda and its main tool namely PISA Programme for International Student Assessment Based on an analysis of the OECD's public documents including publications webpages and videos d'Agnese argues that PISA is not just an assessment tool but rather an all encompassing framework that intends to govern education schooling living and society worldwide This creation of what d'Agnese calls a life brand raises concerns that education and learning are becoming wares and that consequently we run the risk of transforming schools into providers and teachers into agents of preconceived learning packages In pursuing only one concept of education and a very narrow one at that d'Agnese argues that OECD not only narrows down education to a mere reproductive process but that such an approach also erases the basic rules by which living develops and evolves In this sense PISA is but another form of authoritarian teaching authoritarian teaching being understood as any and every educational project which sets aims and purposes of education without giving the possibility to discuss and challenge such aims and purposes *Reclaiming Education in the Age of PISA* suggests a different educational logic emphasizing that schooling is not just a place to produce the correct skills but is also a matter of experimentation hesitation and wait one in which teachers and students attempt to dwell in pure potentiality for growth Providing a strong argument that a different way to conceive of schooling deserves our attention this book will be essential reading for academics researchers and postgraduates in the fields of educational philosophy and theory inclusive education and social justice It should also be of interest to policymakers and educational activists **The Video Source**
