Humanity S Saving Grace:

Humanity's Saving Grace Alex Binkley, 2014-02 Having barely avoided self destruction an ancient race has expanded to eight other worlds While the Beings explored Earth numerous times during two centuries with their flying saucers they didn't consider the primitive Terrans worth contacting That changes when their worlds came under attack from a relentless mysterious foe The aliens offer to repair Earth's ravaged environment in exchange for pilots and soldiers to fight their foe The First Earth Expeditionary Force battles in space and on the ground while trying to comprehend how thousands of humans had been conscripted into fighting for the enemy Equally puzzling for FEEF is figuring out the motives of robot like creatures that serve the aliens and discovering the origin of centuries old ruins on several planets and a seemingly uninhabited community under a protective dome

Total Atonement W. Ross Hastings, 2019-10-09 *Total Atonement* re imagines the apprehended mystery of the atonement in light of the triune nature of God and the person and work of the incarnate Christ W Ross Hastings proposes participation as a theory or framework of atonement that holds all other models within it He argues that God's participation in humanity in order that humans might participate in God invites a total approach to the mystery of the atonement that is one that involves the whole Trinity the whole person and history of Christ and all the biblical motifs and theological models of atonement including penal substitution properly nuanced to overcome its caricatures Christus victor satisfaction vicarious life and moral exemplar Hastings re examines the scope of the atonement in light of these Trinitarian incarnational realities

Recovering the Ecumenical Bonhoeffer Javier A. Garcia, 2019-10-14 In *Recovering the Ecumenical Bonhoeffer* Javier Garcia explores the possibilities for Dietrich Bonhoeffer's theology to revitalize interest in the ecumenical movement and Christian unity today Although many commentators have lamented the waning interest in the ecumenical movement since the 1960s the celebration of the 500th anniversary of the Protestant Reformation in 2017 coupled with recent inroads such as the ecumenical efforts of Pope Francis have opened new possibilities for the ecumenical project In this context Garcia presents Bonhoeffer as a helpful model for contemporary ecumenical dialogue He finds important points of convergence between Bonhoeffer and Calvin thereby establishing potential areas of rapprochement between the Lutheran and Reformed traditions Beyond examining the state of ecumenism and unfolding the ecumenical promise of Bonhoeffer's thought Garcia assesses the future of ecumenical engagement in a secular age Altogether he proposes a recovery of the

ecumenical Bonhoeffer for envisioning new possibilities for church unity in our day **The Homebrewed Christianity Guide to Being Human** Donna Bowman, 2018-05-01 This Homebrewed Christianity Guide explores how Christian theology can address our rapidly changing paradigms of human existence Donna Bowman argues that theology can contribute to our knowledge of the human self as gained through the sciences that a theological perspective on humanity is useful in contemporary pluralistic and global settings and that there s theological significance to work and play She also tackles issues of gender sexuality creativity and human expression with jokes It s no longer possible to assign definitive meaning to categories like man and woman self and society freedom and determinism reason and feeling soul and body by reference to systems of narrative including biblical narrative and interpretation in which those ideas are taken for granted The theology of human personhood begins with irreducible experiences both universal and particular and searches for functional understandings from the whole range of Christian and non Christian ways of knowing Plus jokes Humanity and God Samuel Chadwick, 1904 **Faithfully Seeking Understanding** Johannes Kuhn, 2009 The selections are taken from chapters of Kuhn s books including his Catholic Dogmatics and from various articles that appeared in the T bingen quarterly Die theologische Quartalschrift They are arranged according to the following topics faith and reason revelation and the personhood of God responses to Protestant liberalism theological topics including grace and freedom theology and the university and Catholic fundamental theology Though diverse in subject when read together the essays yield a complete theological vision that derives from a carefully constructed theological foundation The Groupe Des Dombes Catherine E. Clifford, 2005 This book explores the unique and substantial contribution to reflection on conversion and Christian unity by the Groupe des Dombes a Reformed Lutheran Catholic dialogue in French speaking Europe Clifford traces the development of the dialogue from its founding in 1936 and its contribution to ecumenical consensus on eucharist ministry sacraments episcopate the papacy and Marian doctrine and devotion The theme of conversion grounds the ethos the the Groupe des Dombes marked by a deep appreciation of the interdependence of common prayer theological dialogue and the promotion of ecclesial reform and renewal Book cover
