B. de Brito,Baltazar Andrade Guerra,2023-08-31 This volume provides an overview of the ways sustainable development issues as a whole and the SDGs in particular are perceived and practiced in a variety of countries in the Latin America and Caribbean region It also discusses the extent to which its many socio economic problems hinder progresses towards the pursuit of a sustainable future and documents successful experiences from across the region This book is part of the 100 papers to accelerate the implementation of the UN Sustainable Development Goals initiative **Retired Pacific Hurricanes , Disasters and Neoliberalism** Gabriela Vera-Cortés,Jesús Manuel Macías-Medrano,2020-09-24 This book shows how the adoption of the neoliberal development model has increased the social vulnerability to disasters with a special focus on Mexico a country which once was the role model of the neoliberal turn in Latin America It brings together 12 case studies of disasters such as floods earthquakes and volcanic emergencies in both urban and rural areas to show how neoliberal development projects and changes in legislation affected disaster prevention and management in different parts of the country The case studies from Mexico are complemented by two comparative studies which analyze the impacts of neoliberalism in disaster prevention and management in Mexico Brazil United States and Italy Disasters and Neoliberalism Different Expressions of Social Vulnerability presents a unique contribution to the interdisciplinary field of disaster research by presenting qualitative studies of disaster vulnerability from the perspective of scholars from the Global South bringing a fresh and critical approach

to English speaking social sciences qualitative researchers working on disaster risks in a number of fields such as geography anthropology sociology political science and environmental studies Urban Policy in Latin America Michael Cohen, Maria Carrizosa, Margarita Gutman, 2019-07-26 This book evaluates the impact of 20 years of urban policies in six Latin American countries Argentina Brazil Chile Colombia Ecuador and Mexico It argues that evaluating the fulfillment of past commitments is essential for framing and meeting the new commitments that were taken in Habitat III over the next 20 years Taken as a whole the book provides a critical assessment of the economic social and environmental consequences of urban interventions during Habitat II The country level chapters have been written by recognized experts in urban issues with first hand knowledge of the Habitat process and deep familiarity with the problems statistics actors and political contexts of their nations The latter part of the volume considers wider topics such as the Habitat Commitment Index the New Urban Agenda and the regional and global scale lessons that can be extracted from this group of countries Urban Policy in Latin America will be of interest to advanced students researchers and policymakers across development economics urban studies and Latin American studies *Disaster Upon Disaster* Susanna M. Hoffma, Roberto E. Barrios, 2019-10-03 A consistent problem that confronts disaster reduction is the disjunction between academic and expert knowledge and policies and practices of agencies mandated to deal with the concern Although a great deal of knowledge has been acquired regarding many aspects of disasters such as driving factors risk construction complexity of resettlement and importance of peoples culture very little has become protocol and procedure Disaster Upon Disaster illuminates the numerous disjunctions between the suppositions realities agendas and executions in the field goes on to detail contingencies predicaments old and new plights and finally advances solutions toward greatly improved outcomes *Mariners Weather Log* , 1983 November issue includes abridged index to yearly volume
