Medicine and Hope: A Natural Theology of Human Caretaking Richard Sherlock,2024-09-12 This book expands in a modest way the discussion of hope and does so by focusing on a field where it is at the core of care taking medicine The three great religious virtues of medieval theology were faith hope and love An enormous literature exists about faith and love but much less exists about hope Doctors often know what they want to do for a patient but do not know whether they are able to have a good result If they fail will the result be worse They must hope they can succeed In other cases they know what they can do but they are uncertain whether they should If they do not undertake action will the patient try to do it themselves with a much worse result Questions such as these raise the issue of the importance of hope in medicine This book builds on an insight from the first modern textbook of medical ethics Thomas Percival s 1803 classic Medical Ethics There Percival says that the doctor is a minister of hope to the sick This book analyses this concept which is central to the practice

Patent Office,1907 **Haunted Journeys** Dennis Porter,2014-07-14 Focusing on travel journals by writers navigators philosophers scientists and anthropologists from the eighteenth century grand tour to the modern period

Dennis Porter explores how male authors at different historical moments conceptualized and represented the lands they encountered. Efforts to portray unfamiliar peoples and cultures are shown to give rise to rich and complex works in which individual psychic investments frequently subvert an inherited cultural discourse. In exploring the various uses and pleasures of travel, Porter interprets it as a transgressive activity animated by desire and haunted by different forms of guilt. Broad in its historical scope and interdisciplinary in its approach, the book draws on literary theory, psychoanalysis, gender criticism, and the social history of ideas. Texts analyzed include works by Boswell, Diderot, Bougainville, Cook, Stendhal, Darwin, Flaubert, Freud, D. H. Lawrence, T. E. Lawrence, Gide, Lvi Strauss, Barthes, and V. S. Naipaul. Originally published in 1990, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Journeys to the Bandstand Chris Wong, 2024-01-19. What I didn't know when starting to research and write this book: I would become full-on hopelessly obsessed with finding out every arcane detail about the artists gathered in these pages, whether they are living or long gone. Those myriad facts are puzzle pieces that even though some pieces are missing from portraits of extraordinary people with a hunger for jazz and other creative artforms, a determination to overcome struggles, and a deep joy for creating profound expression. Chris Wong from the Preface and Introduction to *Journeys to the Bandstand*. *Journeys to the Bandstand: Thirty Jazz Lives in Vancouver* chronicles the creative lives and musical journeys of thirty extraordinary artists who have helped shape the jazz scene in the west coast Canadian city and further afield. Each chapter focuses on one remarkable artist or a small group of impactful musicians mostly based in Vancouver: Al Neil, Dave Quarin, Brad Turner, Cory Weeds, Jodi Proznick, Natasha D. Agostino, and others. The book also highlights some American musicians: Ornette Coleman, Charles Mingus, Dr. Lonnie Smith, George Coleman, and others who have made an indelible impression on the city's jazz community. Weaving a first-person perspective through the author's experiences hearing the musicians perform and documenting oral history from in-depth interviews with extensive written and audio-visual history gathered from articles, letters, recordings, films, and more, *Journeys to the Bandstand* is a compelling collection of long-form portraits. The unique life stories of each subject include challenges, addictions, anxiety, and self-doubt, racism, abuse, and other hard realities and triumphs when they succeeded in making expressive and memorable music. Each individual path forms a complex and fascinating passage: the journey to the bandstand.

The Ruins of Urban Modernity Utku Mogultay, 2018-05-31. *The Ruins of Urban Modernity* examines Thomas Pynchon's 2006 novel *Against the Day* through the critical lens of urban spatiality. Navigating the textual landscapes of New York, Venice, London, Los Angeles, and the 1893 Chicago World's Fair, *Against the Day* reimagines urban modernity at the turn of the 20th century. As the complex novel

collapses and rebuilds anew the spatial imaginaries underlying the popular fictions of urban modernity Utku Mogultay explores how such creative disfiguration throws light on the contemporary urban world Through critical spatial readings he considers how Pynchon historicizes issues ranging from the commodification of the urban landscape to the politics of place making In Mogultay s reading *Against the Day* is shown to offer an oblique negotiation of postmodern urban spaces thus directing our attention to the ongoing erosion of sociospatial diversity in North American cities and elsewhere
