Marks	Level descriptors
8–10	<p>Answers in this band will show good knowledge and understanding of relevant material on two ways in which marketisation policies have led to schools being run more like businesses.</p> <p>There will be two developed applications of material from the Item, eg schools compete with each other to attract pupils by ensuring that they have a high position in the school league tables; schools may offer a unique specialism or faith based curriculum which allows school choice based on parental preference.</p> <p>There will be appropriate analysis / evaluation of the two ways, eg the supply and demand for school places reflects the New Right view that successful schools should expand; lack of demand for places leads to less revenue for schools lower in the league tables.</p>
4–7	<p>Answers in this band will show a basic to reasonable knowledge and understanding of one or two ways in which marketisation policies have led to schools being run more like businesses.</p> <p>There will be some successful application of material from the Item, eg competition between schools means that they must spend a larger proportion of their budget on marketing activities.</p> <p>There will be some analysis / evaluation.</p>
1–3	<p>Answers in this band will show limited knowledge and understanding of one or two ways in which marketisation policies have led to schools being run more like businesses.</p> <p>There will be limited application of material from the Item.
