Government Bullies

Rand Paul,2025-05-01 Government regulations are out of control They dictate how much water goes into your commode and how much water comes out of your showerhead They determine how hot the water needs to be in your washing machine and how many miles to the gallon your car must achieve Since the Patriot Act your banking records your gun registration and your phone bill are easily accessible by government snoops Mothers are arrested for buying raw milk Families are fined for selling bunny rabbits without a license Home and property owners are strapped with obscene fines entangled in costly legal messes and sent to federal prison all for moving dirt from one end of their land to another Unelected bureaucrats armed with arbitrary rules and no need to back them up stonewall and attack American citizens at every turn The damage can be overwhelmingly taxing financially emotionally and even physically And who is being held accountable Government regulation and red tape run amok

in Washington and honest tax paying citizens are the victims of an administration's misuse and abuse of power. Now Senator Rand Paul of Kentucky takes an in depth look at the legislation that is trampling the rights of ordinary citizens, strangling their ability to conduct private everyday activities without egregious government interference. He highlights outrageous searches, seizures and arrests and points to thousands of regulations that have been added to the books since Obama took office. Most importantly, he charts a direction out of this mess and toward renewed freedom for all Americans. These stories are of everyday Americans, badgered and harassed by their own government, the very institution that is supposed to serve us all. This gross breach of our constitution is as frightening as it is real, and *Government Bullies* is a call to action against it.

Jungle Hideout Jeanette Windle, 2001-09-01 Originally published as part of *Adventures in South America* **The Jungle Heroes** Sunny Kapoor, **It's a Jungle Up There** Margaret D. Lowman, James Burgess, Edward Burgess, Ghilleen T. Prance, 2008-10-01 Drawn to the mysteries of tropical rain forests and fascinated by life in the treetops, Meg Lowman has pursued a life of scientific exploration while raising her two sons, Edward and James Burgess. This book recounts their family adventures in remote parts of the world: Samoa, West Africa, Peru, Panama, India, Biosphere 2, and others, from the perspectives of both kids and parent. Together they explore tropical rain forests, encounter anacondas and piranhas, eat crickets as hors d'oeuvres, discover new species, and nurture a family ethic for conservation. The chapters of the book focus on field biology questions, the canopy access methods developed to answer the questions, and conservation or education components of each expedition. Lowman enumerates the challenges and joys of juggling parenthood and career, and the children reflect on how their mom's work has affected their lives. A rollicking, inspiring book. It's a Jungle Up There is an upbeat portrayal of how a parent's career can imprint children, and how children in turn can influence the success and trajectory of their parent's career.
