Justices Les Sauvages:

Les Sauvages Américains Gordon M. Sayre, 2000-11-09 Algonquian and Iroquois natives of the American Northeast were described in great detail by colonial explorers who ventured into the region in the seventeenth and eighteenth centuries Beginning with the writings of John Smith and Samuel de Champlain Gordon Sayre analyzes French and English accounts of Native Americans to reveal the rhetorical codes by which their cultures were represented and the influence that these images of Indians had on colonial and modern American society By emphasizing the work of Pierre Franais Xavier Charlevoix Joseph Franais Lafitau and Baron de Lahontan among others Sayre highlights the important contribution that French explorers and ethnographers made to colonial literature Sayre s interdisciplinary approach draws on anthropology cultural studies and literary methodologies He cautions against dismissing these colonial texts as purveyors of ethnocentric stereotypes asserting that they offer insights into Native American cultures Furthermore early accounts of American Indians reveal Europeans serious examination of their own customs and values Sayre demonstrates how encounters with natives wampum belts tattoos and pelt garments for example forced colonists to question the nature of money writing and clothing and how the Indians techniques of warfare and practice of adopting prisoners led to new concepts of cultural identity and inspired key themes in the European enlightenment and American individualism De La Justice Politique W.

Godwin, 1972-06-30 *Latin America and the International Court of Justice* Paula Wojcikiewicz Almeida, Jean-Marc Sorel, 2016-11-25 This book aims to evaluate the contribution of Latin America to the development of international law at the International Court of Justice ICJ This contemporary approach to international adjudication includes the historical contribution of the region to the development of international law through the emergence of international jurisdictions as well as the procedural and material contribution of the cases submitted by or against Latin American states to the ICJ to the development of international law The project then conceives international jurisdictions from a multifunctional perspective which encompasses the Court as both an instrument of the parties and an organ of a value based international community This shows how Latin American states have become increasingly committed to the peaceful settlement of disputes and to the promotion of international law through adjudication It culminates with an expansion of the traditional understanding of the function of the ICJ by Latin American states including an analysis of existing challenges in the region The book will be of interest to all those interested in international dispute resolution including academic libraries the judiciary practitioners in international law government institutions academics and students alike **Cours D'histoire Du Canada** Jean Baptiste

Prize winning history that transforms a single event in 1722 into an unparalleled portrait of early America In the winter of 1722 on the eve of a major conference between the Five Nations of the Haudenosaunee also known as the Iroquois and Anglo American colonists a pair of colonial fur traders brutally assaulted a Seneca hunter near Conestoga Pennsylvania Though virtually forgotten today the crime ignited a contest between Native American forms of justice rooted in community forgiveness and reparations and the colonial ideology of harsh reprisal that called for the accused killers to be executed if found guilty In *Covered with Night* historian Nicole Eustace reconstructs the attack and its aftermath introducing a group of unforgettable individuals from the slain man's resilient widow to an Indigenous diplomat known as Captain Civility to the scheming governor of Pennsylvania as she narrates a remarkable series of criminal investigations and cross cultural negotiations Taking its title from a Haudenosaunee metaphor for mourning *Covered with Night* ultimately urges us to consider Indigenous approaches to grief and condolence rupture and repair as we seek new avenues of justice in our own era
