Difficult Questions Have Easy Answers Atina Hseham, 2023-12-06 An inquiry made to obtain any information is known as an interrogation While asking the person tries to get an answer that allows him to satisfy his doubts The interviewers often ask simple questions in a very twisted fashion to confuse the candidates Difficult questions answers reflect the knowledge of the giver as well as his overall personality For example Which is heavier a kilogram of feathers or 1000 grams of lead Solution Both the weights are equal And What happened in Kolkata yesterday from 8 to 9 o'clock Solution An hour had passed These questions have a trick because they are framed in such a way that the answers seem simple but in reality they are not It can be said that the questioners confuse the candidates as they hide their answers using rhetorical resources and various devices In some cases the answer is found in the question itself but in secret Tricky questions are also used for fun or as a mental activity of logical practice Like a truck driver passing down a street in the wrong direction some policemen saw him but they didn't say anything to him why Solution Because the truck driver was on foot He shaves all day but still has a beard who is he Solution Barber Some months have thirty days and others thirty one but how many months have twenty eight Solution Every month has at least twenty eight days Which object becomes wet When it dries Solution Towel How do you draw a square with three lines Solution draw the square first and then draw three lines inside the square Thus an answer to a tricky question can lead to confusion due to the confusion generated question These types of questions are very specific to the areas in which people's knowledge or behavior is evaluated Generally such difficult questions can be perceived as misleading or incorrect because something is being implied that is not in reality However they can also be seen as methods whose precise purpose is to test the candidate and determine whether he or she is fully capable of answering the

question that he or she is saying I know In this way about five thousand questions and answers have been given in the present book which is equally useful for all competitive examinations

Mayer,2024-05-31 What exactly does one do when God speaks to you and tells you to do something you have never done never wanted to do and had a basket of fear about doing it While the author is not Moses she certainly can relate to his burning bush meeting with God This is exactly how she felt when God told her to write a book with a message about why His plan for unity among His children today has run amuck of His original plan As He began to relay His message the author began backing away from this message until she couldn t back away any more and she began the book While some may raise some great questions about the validity of the message found in the covers of this book all one has to do is go back to Scripture and find his or her way back to God There will be others with questions as to the how and why now questions The author encourages those readers to seek God for those answers For those readers that understand the times in which we are living more than likely they have no questions but they will find an irrepressible desire to move in closer to God and His plan more than ever
