The background of the entire image is a dark, atmospheric cityscape at night. A large, green hoodie with a hood is the central focus, its face area torn away to reveal a red, fleshy, and somewhat grotesque face. The hoodie is positioned as if it's looking down over the city. In the lower-left corner, there's a bright orange and yellow fire or explosion. The text is overlaid on this scene.

Freak Prequel English Edition:

THE MONASTERY & Its Sequel, The Abbot (Illustrated Edition) Walter Scott, 2017-12-06 The Monastery A Romance is one of Scott's Tales from Benedictine Sources and is set in the time of Mary Queen of Scots and the Elizabethan period. The action is centered on the Monastery of Kennaquhair, probably based on Melrose Abbey in south east Scotland on the River Tweed. At this time, circa 1550, the Scottish Reformation is just beginning and the monastery is in peril. A love story is interwoven as the Glendinning boys fall in love with Mary Avenel. Edward ends up becoming a monk and Halbert finally marries Mary after service with the Earl of Murray. A sequel to The Monastery, The Abbot is the second of Scott's Tales from Benedictine Sources. The story follows the fortunes of certain characters Scott introduced in The Monastery but it also introduces new characters such as Roland Graeme. It is concerned mainly with Queen Mary's imprisonment at Loch Leven Castle in 1567, her escape and her defeat. Parallel to this is the romance of Roland Graeme, a dim-witted but spirited youth. He is brought up at the castle of Avenel by Mary Avenel and her husband Halbert Glendinning. Roland is sent by the Regent Murray to be page to Mary Stuart with directions to guard her. He falls in love with Catherine Seyton, who is one of the ladies in waiting to the queen. He is found later to be the heir to Avenel. Edward Glendinning, the brother of Halbert, is the abbot of the title, the last abbot of the monastery described in the preceding novel. Sir Walter Scott 1771-1832 was a Scottish historical novelist, playwright, and poet.

So Wolfgang Called Him Elf Man: A Grass Clan Curse Sequel W. J. Hein, 2024-11-01 The sequel to *So Gunther called him Elf Man* blending science fiction, a crime story, and history. The novel begins at the conclusion of the first. Set in the near future of 2039 and 2040 but also including back stories over centuries. It is the story of an alien known as the Elf Man, also called Beobachter, and the intersection of the alien's world and Earth in two Rifts in space-time. The Rifts are located in Freiburg, Germany, and in Box Canyon, California. The Rifts have existed for many centuries and are patrolled by the Elf Man, whose advanced civilization has enabled his extended lifespan. Wolfgang Grass, the wealthy and influential father of Hans and Franz Grass, believes that someone set up the supposed suicides of his sons. Inspector Willy Schreiber, a member of a German anti-terrorism unit, is tasked with the investigation. During the investigation, characters from the first book, Professors Dieter Schmidt and Alex Hoffmann, are caught up in the unfolding events. As Wolfgang unravels the fantastic truth of the alien and his follower called the Wanderer, he spirals into financial disaster and madness. Setting in motion events leading to a final confrontation, Inspector Schreiber, with the aid of Dieter Schmidt, pursues the criminal trail of Wolfgang in Germany and California. The sequel includes the origin story of Ahasver, the Wanderer, and the Grass family beginning in the plague year of 1349. One Jacob Gold is abducted by the Elf Man.
