Helming, 2016-07-28 **Performance Advantages of Multigrade Manual Transmission Oil** Yuji Ikemoto, Society of Automotive Engineers, 1981 **How To Rebuild and Modify Your Manual Transmission** Robert Bowen, This resource explains how to rebuild and modify transmissions from both rear and front wheel drive cars It explains the principles behind the workings of all manual transmissions and helps readers understand what they need to do and know to rebuild their own transmissions Includes how to determine what parts to replace how and why to replace certain seals spacers springs forks and other parts and where to find and how to measure the specifications for each particular transmission Base Oil Requirements of Evolving Automatic Transmission Fluid Specifications Joe Noles, T. Service Manual Caterpillar Inc, 1970 Automatic Transmissions F. J. Thiessen, 1984 Service Fill Automatic Transmission Fluid for the North American Market Raymond F. Watts, 1991 TX-200 TRANSMISSION OIL COMPATIBILITY PROGRAM, 1961 A procedure was developed for laboratory compatibility tests with the TX 200 transmission Using this procedure a referee base line condition was established for the TX 200 2X transmission with MIL L 2104A OE 10 M14500 REO 14861 oil The objectives of the tests were to evaluate MIL O 10295 OE S arctic engine oil and MIL L 2104A OE 30 engine oil as automatic transmission fluids and to compare the results of the laboratory tests with actual cross country test course operation These tests showed that with reference to the established base line MIL O10295 OE S REO 127 oil is incompatible However the laboratory test cycle is less severe on clutch wear and more severe on low range gearing than the 5000 mile cross country test Thus it is recommended that a 5000 mile cross country test be run in a cold climate with arctic engine oil as the transmission fluid to determine whether or not low sun gear failures could occur during actual field operation The MIL L 2104A OE 30 M14804 oil was compatible with the transmission except for breakdown of the polyacrylate piston seals Bench type investigations should be conducted to determine the cause of seal failure
