**The Religion of Paul the Apostle** John Ashton, University Lecturer in New Testament Studies  
 John Ashton, 2000-01-01 Paul the Apostle has traditionally been viewed as a thinker and theologian and scholars have focused almost exclusively on his ideas rather than on his religious experience In this book a leading New Testament scholar challenges this view of Paul John Ashton demonstrates how closely Paul s own career resembles that of a typical shaman and he shows how every important aspect of Paul s life and ministry may be illuminated by focusing on his experience Drawing not only on Paul s letters but also on contemporary writings in the Jewish and Hellenistic worlds Ashton discusses a number of important issues relevant to the understanding of Paul and to the origins of Christianity whether Paul is properly described as a convert a mystic an apostle a prophet or a charismatic what his attitude was to the Jewish traditions he inherited why he felt called upon to preach not to his fellow Jews but to the Gentiles what accounts for the remarkable success of his strange new Gospel and how we can explain his language of spirit possession Christ lives in me In addressing these issues Ashton demonstrates that to regard Christianity simply as a religion of the word is to ignore a vital truth about its origins

Upon Provincialism Bill Hardwig, 2013 Drawing on tourist literature travelogues and local color fiction about the South Bill Hardwig tracks the ways in which the nation s leading interdisciplinary periodicals especially the Atlantic Monthly Harper s and the Century translated and broadcast the predominant narratives about the late nineteenth century South In many ways he attests the national representation of the South was controlled more firmly by periodical editors working in the Northeast such as William Dean Howells Thomas Bailey Aldrich and Richard Watson Gilder than by writers living in and writing about the region Fears about national unity immigration industrialization and racial dynamics in the South could be explored through the safe and displaced realm of a regional literature that was often seen as mere entertainment or as a picturesque depiction of quaint rural life The author examines in depth the short work of George Washington Cable Charles Chesnutt Alice Dunbar Nelson Lafcadio Hearn Mary Noailles Murfree and Thomas Nelson Page in the context of the larger periodical investment in the South Arguing that this local color fiction calls into question some of the lines of demarcation within U S and southern literary and cultural studies especially those offered by identity based models Hardwig returns these writers to the dynamic cultural exchanges within local color fiction from which they initially emerged
