Survival October-November 2020: Pandemics and politics The International Institute for Strategic Studies (IISS), 2023-04-21 *Survival* the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Adam Roberts explores pandemics and politics through the ages arguing that trust in leadership is essential in the struggle against infectious diseases Rebecca Barber and Sarah Teitt contend that ASEAN should take a more activist approach to the Rohingya crisis to salvage its credibility Greg Austin assesses the strategic implications of China's weak cyber defences ystein Tunsj casts doubt on the prospect of the Arctic becoming a theatre of great power conflict And eight more thought provoking pieces as well as our regular book reviews and Noteworthy column *Jordan and the Arab Uprisings* Curtis R. Ryan, 2018-06-26 In 2011 as the Arab uprisings spread across the Middle East Jordan remained more stable than any of its neighbors Despite strife at its borders and an influx of refugees connected to the Syrian civil war and the rise of ISIS as well as its own version of the Arab Spring with protests and popular mobilization demanding change Jordan managed to avoid political upheaval How did the regime survive in the face of the pressures unleashed by the Arab uprisings What does its resilience tell us about the prospects for reform or revolutionary change In *Jordan and the Arab Uprisings* Curtis R. Ryan explains how Jordan weathered the turmoil of the Arab Spring Crossing divides between state and society government and opposition Ryan analyzes key features of Jordanian politics

including Islamist and leftist opposition parties youth movements and other forms of activism as well as struggles over elections reform and identity He details regime survival strategies laying out how the monarchy has held out the possibility of reform while also seeking to coopt and contain its opponents Ryan demonstrates how domestic politics were affected by both regional unrest and international support for the regime and how regime survival and security concerns trumped hopes for greater change While the Arab Spring may be over Ryan shows that political activism in Jordan is not and that struggles for reform and change will continue Drawing on extensive fieldwork and interviews with a vast range of people from grassroots activists to King Abdullah II Jordan and the Arab Uprisings is a definitive analysis of Jordanian politics before during and beyond the Arab uprisings

Cheaponomics Michael Carolan, 2014-03-21 Do you really think you are getting a good deal when given that free mobile phone for switching service providers if a multinational retailer undercuts its competitors or by the fact that food is relatively cheaper today in many countries than ever before Think again As Michael Carolan clearly shows in this compelling book cheapness is an illusion The real cost of low prices is alarmingly high It is shown for example that citizens are frequently subsidising low prices through welfare support to poorly paid workers in their own country or relying on the exploitation of workers in poor countries for cheap goods Environmental pollution may not be costed into goods and services but is paid for indirectly by people living away from its source or by future generations Even with private cars when the total costs of this form of mobility are tallied it proves to be an astronomically expensive model of transportation All of these costs need to be accounted for The author captures these issues by the concept of cheaponomics The key point is that costs and risks are socialised we all pay for cheapness but not at the point of purchase Drawing on a wide range of examples and issues from over consumption and waste to over work unemployment inequality and the depersonalising of communities it is convincingly shown that cheapness

can no longer be seen as such a bargain. Instead, we need to refocus for a better sense of well-being, social justice, and a balanced approach to prosperity.
