Amazing Iowa Michelle Murray, 2025-03-15 Whether you're a native, a recent resident or just passing through these stories of the weird, wild and wonderful people and places of the great state of Iowa are waiting for you. Take a peek inside and you'll find people you've heard about in the news as well as those you should have heard about. Learn about mobsters and artists and why they loved to hide out here, musicians and authors and why they seemed to flourish here, astronauts and inventors and how they dreamed big, and athletes and coaches and how they put Iowa in the spotlight. Of course you'll discover the only remaining Frank Lloyd Wright designed hotel in the world, Iowa's Hollywood and Broadway connections and tantalizing foods that will make your mouth water. If that's not enough, check out the world record holder for hiccups, the woman whose daughter never had a Rice Krispie Treat although her mom invented them, or some of the most haunted buildings and bridges in America, all found in this amazing state. Let Michelle Sprout Murray be your tour guide of her home state and prepare to be amazed.

Tepper, Robin Kanarek, 2015-08-14 The relationship between nutrition and behaviour is bi-directional in nature with nutritional factors able to affect activity and disposition and behavior impacting diet and food intake. This book reviews these links starting with their complex neurobiological basis such as in the case of folate deficiency and cognitive decline. It also illustrates how behaviour may determine nutritional choices or status through peer modelling and poor dietary habits. Micronutrients and eating disorders are then critically addressed with a review of current research methods and results before extra nutritional influencers on behaviour such as caffeine, herbal supplements and alcohol are discussed in the final section.
