**Engaged Language Policy and Practices** Kathryn A. Davis, Prem Phyak, 2016-12-08 Engaged Language Policy and Practices re envisions language policy and planning as an engaged approach drawing on and portraying theoretical and educational equity perspectives It calls for the right to language policy making in which all concerned communities parents students educators and advocates collectively imagine new strategies for resisting global neoliberal marginalization of home languages and cultural identities This book subsequently emphasizes the means by which engaged dialectic processes can inform and clarify language policy making decisions that promote equity In other words rather than descriptions of outcomes the authors emphasize the need to detail the means by which local regional actors resist and transform inequitable policies These descriptions of processes thereby provide all actors with ideological pedagogical and equity policy tools that can inform situated school and community policy making This book depicts ways in which engaged language policy embodies the intersection of critical inquiry participant involvement and ongoing engaged language planning processes It further offers an alternative to the traditional top down approach to language education policy making Engaged Language Policy and Practices is essential reading for scholars teachers students communities and others concerned with worldwide language and identity equity

**Emerging Voices** Human Sciences Research Council, Education Policy Consortium (South Africa), 2005 This examination graphically illustrates the conditions that make dreams of a better life for all virtually unrealizable in rural areas of South Africa Through the voices of rural people themselves this study tells not only what the problems surrounding education are but also what can and should be done when the South African government launches its offensive against poverty in rural areas Rigorous and qualitative the text is an overview of the need of great numbers of people for the opportunities and capabilities that education can provide for their futures It also shows the existing situation of many impoverished populations worldwide and illustrates that poverty and inequality continue where such issues are not addressed

**Decolonising Multilingualism in Africa** Finex Ndhlovu, Leketi Makalela, 2021-07-16 This book interrogates and problematises African multilingualism as it is currently understood in language education and research It challenges the enduring colonial matrices of power hidden within mainstream conceptions of multilingualism that have been propagated in the Global North and then exported to the Global South under the aegis of colonial modernity and pretensions of universal epistemic relevance The book contributes new points of method theory and interpretation that will advance scholarly conversations on decolonial epistemology by introducing the notion of coloniality of language a summary term that describes the ways in which notions of language and multilingualism in post colonial societies remain colonial The authors begin the process of mapping out what a socially realistic notion of multilingualism would look like if we took into account the voices of marginalised and ignored African communities of practice both on the African continent and in the diasporas
