His Personal Slave:

A Stolen Life David Meyler, Peter Meyler, 1999-11-15 Richard Pierpoint or Captain Dick as he was commonly known emerges from the shadows of history in *A Stolen Life* Searching for Richard Pierpoint An African warrior who was captured at about age 16 Pierpoint lived his remaining years in exile From his birth in Bundu now part of Senegal around 1744 until his death in rural Ontario in 1837 Pierpoint's life allows us to glimpse the activity of an African involved in some of the world's great events We are indebted to the authors for breathing life into this man who though taken from his home early in his life still was able to make a significant contribution to the early history of Upper Canada He fought farmed and became a griot to the Black community We thank you for a wonderful story of this often forgotten segment of Canadian history Wilma Morrison Norval Johnson Heritage Library Niagara Falls Everybody knows about the Underground Railroad and the great many Black souls who emigrated to Canada via this route but very few people know the brave Black men and women who put their lives on the line in defence of this country Ivor Christopher Re enactor Runchey's Company of Coloured Men A well researched and highly readable chronicle of Richard Pierpoint's life in Africa and North America as a slave a soldier and as a pioneer in Upper Canada's wilderness a vitally important contribution to Canadian Black history Linda Brown Kubisch Author Missouri

Vigilance Andrew K. Diemer, 2022-11-01 The remarkable and inspiring story of William Still an unknown abolitionist who dedicated his life to managing a critical section of the Underground Railroad in Philadelphia the free state directly north of the Mason Dixon Line helping hundreds of people escape from slavery Born free in 1821 to two parents who had been enslaved William Still was drawn to antislavery work from a young age Hired as a clerk at the Anti Slavery office in Philadelphia after teaching himself to read and write he began directly assisting enslaved people who were crossing over from the South into freedom Andrew Diemer captures the full range and accomplishments of Still's life from his resistance to Fugitive Slave Laws and his relationship with John Brown before the war to his long career fighting for citizenship rights and desegregation until the early twentieth century Despite Still's disappearance from history books during his lifetime he was known as the Father of the Underground Railroad Working alongside Harriet Tubman and others at the center of the struggle for Black freedom Still helped to lay the groundwork for long lasting activism in the Black community insisting that the success of their efforts lay not in the work of a few charismatic leaders but in the cultivation of extensive grassroots networks Through meticulous research and engaging writing *Vigilance* establishes William Still in his rightful place in American history as a major figure of the abolitionist movement

Bonds of Alliance Brett Rushforth, 2013-06-01 In the seventeenth and eighteenth centuries French colonists and their Native allies participated in a slave trade that spanned half of North America carrying thousands of Native Americans into bondage in the Great Lakes Canada and the Caribbean In *Bonds of Alliance* Brett Rushforth reveals the dynamics of this system from its origins to the end of French colonial rule Balancing a vast geographic and chronological scope with careful attention to the lives of enslaved individuals this book gives

voice to those who lived through the ordeal of slavery and along the way shaped French and Native societies Rather than telling a simple story of colonial domination and Native victimization Rushforth argues that Indian slavery in New France emerged at the nexus of two very different forms of slavery one indigenous to North America and the other rooted in the Atlantic world The alliances that bound French and Natives together forced a century long negotiation over the nature of slavery and its place in early American society Neither fully Indian nor entirely French slavery in New France drew upon and transformed indigenous and Atlantic cultures in complex and surprising ways Based on thousands of French and Algonquian language manuscripts archived in Canada France the United States and the Caribbean Bonds of Alliance bridges the divide between continental and Atlantic approaches to early American history By discovering unexpected connections between distant peoples and places Rushforth sheds new light on a wide range of subjects including intercultural diplomacy colonial law gender and sexuality and the history of race *The Congressional Globe* United States. Congress,1852 **Tyrannicide** Emily Blanck,2014 Tyrannicide uses a captivating story of the escape of thirty four slaves from a British privateer to unpack the experiences of slavery and slave law in South Carolina and Massachusetts during the Revolutionary Era highlighting differences and foreshadowing the Civil War **A Digest of the General Statute Laws of the State of Texas** Texas,1859 **debates in congress** ,1828 **Register of Debates in Congress: 20th Congress, 1st session, pt. 2. Feb. 7 to May 26, 1828. 1473-2840 columns. With appendix** United States. Congress,1827 *John Marshall and the Heroic Age of the Supreme Court* R. Kent Newmyer,2007-04-01 John Marshall 1755 1835 was arguably the most important judicial figure in American history As the fourth chief justice of the United States Supreme Court serving from 1801 to1835 he helped move the Court from the fringes of power to the epicenter of constitutional government His great opinions in cases like Marbury v Madison and McCulloch v Maryland are still part of the working discourse of constitutional law in America Drawing on a new and definitive edition of Marshall s papers R Kent Newmyer combines engaging narrative with new historiographical insights in a fresh interpretation of John Marshall s life in the law More than the summation of Marshall s legal and institutional accomplishments Newmyer s impressive study captures the nuanced texture of the justice s reasoning the complexity of his mature jurisprudence and the affinities and tensions between his system of law and the transformative age in which he lived It substantiates Oliver Wendell Holmes Jr s view of Marshall as the most representative figure in American law Cotton and Race in the Making of America Gene Dattel,2009-09-16 Since the earliest days of colonial America the relationship between cotton and the African American experience has been central to the history of the republic America s most serious social tragedy slavery and its legacy spread only where cotton could be grown Both before and after the Civil War blacks were assigned to the cotton fields while a pervasive racial animosity and fear of a black migratory invasion caused white Northerners to contain blacks in the South Gene Dattel s pioneering study explores the historical roots of these most central social issues In telling detail Mr Dattel shows why the vastly underappreciated story of cotton is a key to understanding

America's rise to economic power When cotton production exploded to satiate the nineteenth century textile industry's enormous appetite it became the first truly complex global business and thereby a major driving force in U.S. territorial expansion and sectional economic integration It propelled New York City to commercial preeminence and fostered independent trade between Europe and the United States providing export capital for the new nation to gain its financial sea legs in the world economy Without slave produced cotton the South could never have initiated the Civil War America's bloodiest conflict at home Mr Dattel's skillful historical analysis identifies the commercial forces that cotton unleashed and the pervasive nature of racial antipathy it produced This is a story that has never been told in quite the same way before related here with the authority of a historian with a profound knowledge of the history of international finance With 23 black and white illustrations
