Beyond the Happy Ending Kathryn Robson, 2025-02-04 Happiness and the question of how to define measure and facilitate it has become a key theme in political economic and social discourses in recent decades in France and elsewhere yet research on happiness in French culture and film has been limited Given that happiness is clearly gendered this book looks critically at the ways in which contemporary French women's writing and film give voice to and critique conceptions of happiness Analysing French and francophone women's writing including Nina Bouraoui Hélène Cixous Annie Ernaux Camille Laurens Leïla Slimani Delphine de Vigan and film including Claire Denis Claire Sciamma and Agnès Varda I focus on five main areas images of happiness in consumer and Internet culture happiness and

intimacy in the family and the home queering happiness migrated happiness and happiness and ageing Whilst the happiness turn is problematic the desire for happiness however fraught matters and I show how representations of happiness in contemporary French women's writing and film offer alternative conceptions of happiness that enable us to rethink happiness in more critical diverse and inclusive terms

La France contre elle-même Richard Werly, 2022-03-23 Dénaturation le terme n'est plus guère utilisé Fractures et archipel sont les mots la mode Dénaturation pourtant résonne d'une autre force il rappelle aux Français qu'à partir du 22 juin 1940 une ligne du même nom se para le pays en deux Les quatre années qui suivirent sous le régime du Maréchal Pétain furent marquées par l'abîme de la collaboration avec l'occupant nazi et par l'héroïsme de la résistance Elles furent celles du pire et du meilleur C'est là que ces contradictions autour de cette ligne imposée par l'occupant nazi furent la matrice de la France mythifiée de l'après 1945 Une France l'unité et l'ambition retrouvées qui se remet à croire dans la singularité de son destin Malgré ses affrontements et ses blessures L'auteur est parti pour enquêter sur ces dénaturations françaises sur les traces de cette balafre qui traversait l'époque un pays oublié loin de Paris et coupé du littoral Atlantique Colonne vertébrale de la France de Vichy la ligne partait des contreforts de l'Ain et du Jura Elle coupait le pays du nord au sud travers la Saône et Loire l'Allier le Cher suivant le cours des rivières et des routes ou traversant champs et forêts alors hâssés de barbelés Ses points de passage étaient Nantua Dole Moulins Vierzon Puis partir de la Touraine elle obliquait plein sud travers les Charentes le Bordelais les Landes jusqu'au Béarn au Pays Basque et la frontière espagnole Que découvre l'auteur quatre-vingts ans plus tard Une France rongée par des antagonismes instrumentalisés Une France en quête d'un avenir positif que ses lites torpillent renvoyant sans cesse les Français

ais vers leurs divisions Une France qui fourmille d'initiatives locales mais ligotée par des règles que les Français subissent et ne comprennent plus Une France où la fraternité qui existait jadis de part et d'autre de la ligne de démarcation et dans le fracas des combats a fait place aux goûts nourris par les nouveaux modes de consommation Une France qui refuse de se voir telle qu'elle est parce que son actuelle diversité religieuse ethnique et culturelle lui a imposé sans pouvoir en débattre Une France empêchée Parce qu'elle est aujourd'hui en guerre contre elle-même *Women of the Day* Frances Hays, 1885 The Third Republic from Its Origins to the Great War, 1871-1914 Jean-Marie Mayeur, Madeleine Rebirioux, 1984 This book provides a detailed account of French history from the origins of the Third Republic born out of the collapse of Napoleon III's Second Empire to the coming of the Great War in 1914 Part 1 begins with the fall of the notables and the victory of the republicans Then follows a picture of the economy and society of late nineteenth century France and an examination of spiritual and cultural development under the increasing threat from nationalist and socialist forces The moderate brief ascendancy at the end of the century followed by the extreme sentiments unleashed at the time of the Dreyfus affair brings the story in Part 2 to a more passionately political period when the republic finally became established as a bulwark of bourgeois prosperity witnessing the rise of the banks and big business and the dangerous revival of colonial expansion

How the French Think Sudhir Hazareesingh, 2015-09-22 An award winning historian presents an absorbing account of the French mind shedding light on France's famous tradition of intellectual life Why are the French such an exceptional nation Why do they think they are so exceptional The French take pride in the fact that their history and culture have decisively shaped the values and ideals of the modern world French ideas are no less distinct in their form while French thought is abstract stylish and often opaque it has always been bold and creative and driven by the relentless pursuit of innovation In *How the French Think* the internationally renowned historian Sudhir Hazareesingh tells the epic and tumultuous story of French intellectual thought from Descartes Rousseau and Auguste Comte to Sartre Claude L. Strauss and Derrida He shows how French thinking has shaped fundamental Western ideas about freedom rationality and justice and how the French mind set is intimately connected to their own way of life in particular to the French tendency towards individualism their passion for nature their celebration of their historical heritage and their fascination with death Hazareesingh explores the French veneration of dissent and skepticism from Voltaire to the Dreyfus Affair and beyond the obsession with the protection of French language and culture the rhetorical flair embodied by the philosophes which today's intellectuals still try to recapture the astonishing influence of French postmodern thinkers including Foucault and Barthes on postwar American education and life and also the growing French anxiety about a globalized world order under American hegemony *How the French Think* sweeps aside generalizations and easy stereotypes to offer an incisive and revealing exploration of the French intellectual tradition Steeped in a colorful range of sources and written with warmth and humor this book will appeal to all lovers of France and of European culture *French VII Bibliography*, Présentation de la

France à ses enfants François-Georges Maugarlone, 2009-09-09 La France pour qui sait la voir et la sentir est un espace où les signes se superposent et y circuler revient remonter le temps parfois jusqu'aux oppidums gaulois. Celui qui fait ainsi l'inventaire littéraire de son pays part en même temps la recherche de lui-même et dresse son propre bilan face au miroir d'un sol d'une terre qui s'ils ne mentent pas sont en la circonstance fort peu barresiennes ou patainistes. En vérité l'auteur du dj classique Histoire personnelle de la France se découvre ici comme toujours repré-sentant une génération celle du baby boom mais il appartient aussi une tradition beaucoup plus longue où Chateaubriand s'associe Sartre de Gaulle Vercingétorix Il rencontre Montaigne en son Périgord Pascal Port Royal Rimbaud dans les Ardennes Proust Illiers Combray ou Celine Meudon Maniant l'insolence aussi bien que l'rudition il se permet même d'imaginer le dialogue de Francis Blanche et de Nietzsche sur le chemin d'Eze. Bref il montre comment les lieux s'entrecroisent avec les œuvres des églises abandonnées ou d'vergondés jusqu'aux musées vagabonds et aux femmes paysages Histoire géographie littérature philosophie se donnent rendez-vous au cours d'une pérgrination certes très personnelle mais qui est aussi celle simplement d'un Français qui entre avec son héritage son fatras de rêves et de souvenirs livresques dans le troisième millénaire.
