

## **Main Idea 1:**

### **The study of population patterns helps geographers learn about the world.**

- **Population**, or the total number of people in a given area, determines a great deal about the place in which a person lives.
  - Influences business, transportation, schools, and more
- Geographers study human population
  - Interested in patterns that emerge over time
  - Study information such as how many people live in an area, why people live where they do, and how populations change
