McNeal, 2000 Designed specifically to help nurses cope with the challenges of caring for their most acutely ill home care patients, this manual offers step by step guidance on those procedures relevant to this patient group without duplicating information covered in other home care manuals. Organized for ease of use, the book's content is sequenced across the lifespan and built around a body system framework. A multidisciplinary approach helps readers address a wide range of conditions and disorders with confidence. The critical thinking process is used to promote problem solving. Other areas addressed include legal issues and documentation essentials. The latest JCAHO, OSHA and CDC guidelines are also outlined.

Orientation to Home Care Nursing Carolyn J. Humphrey, Paula Milone-Nuzzo, 1996 Intended for both financial and nonfinancial managers, this text covers six primary areas the author deems necessary for managers to incorporate into their decision making processes: financial reporting, prospective and retrospective payment systems, cost accounting, management accounting, financial management and strategic management. The author, a business and finance consultant, stresses the importance of teamwork in working toward an outcome management system that honors clients and coworkers, promotes innovation and balances clinical and financial organizational requirements.
