*The Lazy Person's Swimming Pool Care Guide* Jeffrey Schulte, 2012 From the author I grew up spending most of my summers in a public outdoor swimming pool I accepted the fact that swimming pools were always cloudy and over chlorinated to the point of causing stinging eyes and sometimes shortness of breath from spending the day in the water I used to watch the lifeguard test the water and add liquid chlorine to the water I would sometimes volunteer to help brush the bottom or skim the surface of the water so my view of pool maintenance was pretty superficial After retiring from teaching I moved into a home with an in ground screened pool and soon realized that there is much more to pool maintenance than I thought The pool in my new home was green and cloudy when I moved in I spent most of the next three months obsessing over getting my pool clean clear and sanitized I also found that the pools that I grew up using were poorly maintained and the stinging eyes was caused by either the incorrect PH or chloramines spent chlorine and ammonia in the water My obsession turned into a business for me The advice and instructions I give in this guide is the result of my experience servicing hundreds of pools
