sensors basic types their working principle and applications - Mar 02 2022

apr 6 2016 32 hall effect sensor hall effect sensor hall effect sensors are devices which are activated by an external magnetic field the output voltage called the hall voltage  $v_h$  of the basic hall element is directly proportional to the strength of the magnetic field passing through the semiconductor material output  $v_h$  output voltage can be quite small only a few
