Thirteen Terrifying Tales to Tell Around the Campfire Jeff Vidmar, 2015-08-09
Almost everyone enjoys a good scare now and then especially kids In recent years much of the scary stuff that s out there relies on blood and a bucketful of guts to gross out the reader viewer or listener These stories should be a welcome break from those kinds of scares relying more on imagination and creepiness rather than gore at least that was the intent when I sat down to write these A word of caution some children may not be up to some of the tales contained within if in doubt give these stories a quick skim before reading them aloud around a campfire or at a sleepover Of course feel free to change endings or omit parts you think may be disturbing to the little listeners In that light the last story might be the one to end with if you want them to get to sleep on time as it s a bit silly and has a funny ending at least it was funny when I first heard my uncle tell it to me when I was a little kid and I guess it still kind of is so I guess I haven t grown up that much Other than the final tale which is loosely based on an old story many may have heard in some form and which was passed down the generations from my family these stories are all my original creations gathered from ideas and nightmares I remember being scared of when I was a child and some I must admit still scare me to this day Remember there s no shame in sleeping with a nightlight or in letting the batteries drain on your flashlight when you leave it on all night next to your sleeping bag within easy grasp After all it can t do any harm and no one else has to know

Scary Stories James Scary, 2019-10-16 Do you love horror stories The type of stories that you read to your children to warn them about the horrors of the night Are you a newcomer to the genre or are you a veteran that has already went through the raunchiest most devastating stories out there already Well then this is the perfect midnight snack for you This anthology story depicts every corner of hell possible in order to make you feel that chill running down your spine Whether it s ghosts killers monsters or whatnot we ve got you covered These stories are also for all ages although we will say that we re not afraid to get into the gory details either So are you interested in a thrilling mystery Will the detective find the right answers before it all goes to hell or will he fail missing the

trail of bodies altogether Will the cute foreign couple take the mental abuse from their boss lying down or will they fight back one slice at a time Is that your wife sitting next to your bed or is it something else Who knows really After all this is horror it doesn't need a happy ending to end it only needs an end So if this sounds like a blast for you and your children then give it a try It's perfect to spook your children but at the same time it can make grown adults shiver in their trousers too It's like a wise man once said You can't make an omelet without breaking a few skulls And oh boy this book sure delivers on this promise So just sit back get yourself a hot cup of coffee and get ready because this ride is getting bumpier and bumpier with every story The destination of this carousel of horrors That depends have you been a good person
