SAMPLE

As an avid lover of animals, Tracy Jones has dreamed of becoming a veterinarian since she was four years old. Her love of animals started at a young age, having grown up in a family which also consisted of two dogs, one cat, and two hamsters. When she was seven years old, her dog became diagnosed with cancer, and she nursed it for an entire year in order to minimize pain and prepare for rounds of chemotherapy. After her dog passed away, she became determined to become a doctor that would be able to treat animals and ensure their comfort.

Tracy attended Lady Jones High School, where she graduated with a GPA of 3.97. During her time in high school, she was active in many animal rights and advocacy groups, and was president of the Paws of Awareness club, where she led group efforts to find shelter for abandoned pets. Additionally, she took courses at her local community college which allowed her to get a head start on her college work. She is currently a sophomore at Trinity College, where she is currently in pre-veterinary studies. She currently has a GPA of 3.88, and volunteers twice a week at a local animal shelter providing basic healthcare and examinations for the animals housed there.

Tracy has an extensive volunteering list which has given her significant animal handling abilities and the skills needed to identify and treat basic diseases commonly seen in pets. She has volunteered at a feline shelter, helping to clean and feed animals, as well as providing basic care until the veterinarian could give the animals a thorough exam. She is also an advocacy blogger, who writes about her experiences online in order to teach people how to better take care of their pets and identify warning signs of disease that could possibly save the animal's life.
