Nelson,2019-12-09 The Alaska Chronicles By Keith A Nelson This book is a true account of Keith A Nelson s travel to and his work on the North Slope of Alaska from 1969 1970 His adventures and the characters he met and worked with were unique to say the least It was a time in history when the U S was undergoing massive social changes including Vietnam drugs race and other discontent Alaska was a far removed and simpler world and the last true wilderness in this country which was soon to be exploited by the oil companies Readers will find this story very interesting and different from any other adventure they ve read **Eighteen Wheels North to Alaska** Cliff Bishop,2009-10-01 In spite of the obstacles the Alaska truckers were presented with they never weakened in their determination to get the job done These pioneer drivers never conquered or tamed Alaska s roads and weather but they learned to operate on the back trails and paths always making their way to the trip s end In spite of all the challenges they never quit The following from Teddy Roosevelt is an appropriate salute to Alaskan truckers It is not the critic who counts not the man who points out how the strong man stumbles or where the doer of deeds could have done better The credit belongs to the man who is actually in the arena whose face is marred by dust and sweat and blood who strives valiantly who errs and comes up short again and again because there is no effort without error or shortcoming but who knows the great enthusiasms the great devotions who spends himself for a worthy cause who at the best knows in the end the triumph of high achievement and who at the worst if he fails at least he fails while daring greatly so that high place shall never be with those cold and timid souls who knew neither victory nor defeat Eighteen Wheels North
