

My New Life After Moving to America

"It is hard to dream of fantasies and know that they don't exist in reality .But I say it is harder to know that fantasies are real and acknowledge that you are just not a part of them" Unknown .These simples words meant a lot to me ,being Zineb Jaafari meant that I was the young child and that fact put me in a rather restricted situation ,my parents were overprotective they always looked out for me more than my older sister .I spent the majority of my childhood in a hospital with a needle in my veins since I wasn't even supposed to be alive my mother almost lost me a couple of time even when I wasn't even born ,she would always tell me stories and that before me she had a child that she lost and that left her devastated even though she already had my sister she wanted another baby when she found out she was pregnant with me she was not only happy but she was scared as well .Her previous miscarriage had left her with scars not the visible ones but the emotional ones those that leave us broken ,my father was afraid as well but he told me that he prayed a lot around that time .

After 9 painful stressful months I was born on September 23,1997 my mother would often say to me 'that was the happiest day of my life' at those words I would smile and hug her enjoying the feeling of warmth and finding comfort in her loving arms .Growing up with overprotective parents wasn't always a bad thing it had its perks ,my family was definitely one of those families that liked to travel and that's what led me here to where I 'am right now on one summer vacation my sister mother and I decided to travel to America simply for a visit and to discover the American lifestyle , explore the culture and to have fun ,it was one of the best things that I've ever done.

How to Do Your Essays, Exams and Coursework in Geography and Related Disciplines Peter Knight, Tony Parsons, 2004-03 This book focuses on the skills and techniques that apply to essay writing and also covers other types of assignment such as posters talks PowerPoint presentations and web pages *The Perils of Moviegoing in America* Gary D. Rhodes, 2011-11-24 During the first fifty years of the American cinema the act of going to the movies was a risky process fraught with a number of possible physical and moral dangers Film fires were rampant claiming many lives as were movie theatre robberies which became particularly common during the Great Depression Labor disputes provoked a large number of movie theatre bombings while low level criminals like murderers molesters and prostitutes plied their trades in the darkened auditoriums That was all in addition to the spread of disease both real as in the case of influenza and imagined movie eyestrain Audiences also confronted an array of perceived moral dangers Blue Laws prohibited Sunday film screenings though theatres ignored them in many areas sometimes resulting in the arrests of entire audiences Movie theatre lotteries became another problem condemned by politicians and clergymen throughout America for being immoral gambling *The Perils of Moviegoing in America* 1896 1950 provides the first history of the many threats that faced film audiences threats which claimed hundreds if not thousands of lives **The Afterlife of America's War in Vietnam** Gordon

Arnold, 2014-12-09 The fall of Saigon in 1975 signaled the end of America s longest war Yet in many ways the conflict was far from over Although the actual fighting ended the struggle to find political justification and historical vindication for the Vietnam War still lingered in American consciousness A plethora of images from America s first televised war has kept the conflict all too fresh in the memories of those who lived through it while creating a confusing picture for a younger generation The political process of attaching meaning to historical events has ultimately failed due to the lack of consensus then and now regarding events surrounding the Vietnam War Reviewing the record of American politics film and television

this volume provides a brief overview of the war's appearance in American popular culture. It examines the ways in which this conflict has consistently resurfaced in social and political life especially in the arena of contemporary world events such as the Soviet incursion into Afghanistan, the Gulf War, and the 2004 presidential campaign. To this end, the work explores the contexts and uses of the Vietnam War as a recurring subject. The circumstances and symbolism used in the rhetoric of the political elite and the news media, including the New York Times, the Washington Post, Time, and Newsweek, are discussed. Emphasis is also placed on the role of film and television as the book examines movies such as *The Deer Hunter* and *Apocalypse Now* and TV series such as *M.A.S.H.* In weaving together the political and screen appearances of the Vietnam War, the book reexamines the influence of a major episode in American history.
