 Powell, 2000-10-30 Over the past two decades the process of cultural development and in particular the role of reading has  
 been of growing interest but recent research has been episodic and idiosyncratic In this biographical dictionary research  
 devoted specifically to the reading habits of 19th century individuals who shaped Western culture is brought together for the  
 first time While giving prominent coverage to literary and political figures the volume s 270 entries also include musicians  
 painters educators and explorers Each entry includes brief biographical information a concise summary of literary influences  
 on the subject and clear direction for further research The book provides a practical tool for scholars wishing to trace the  
 reading experience of important Western cultural figures Subjects were selected from the people most responsible for the  
 cultural development of Europe Britain and the British Empire and the Americas between 1800 and 1914 Although selective  
 the sample of 270 figures is substantial enough to suggest broad cross cultural habits and effects enabling scholars to better  
 understand the relationship between reading and culture In an introductory essay Powell explores the patterns and  
 relationships that can be discerned from the entries The first of three anticipated volumes the book is an important step  
 forward in researching the role of reading in cultural development      *The Critic* Jeannette Leonard Gilder, Joseph Benson
