successes and some were not but along with subsequent reissues bonus material and Peter Jackson's *The Beatles Get Back* a documentary companion to *Let It Be* they comprise an endlessly fascinating document of key phases in the group's career In this comprehensive deep dive into the band's movies author and longtime music journalist Steve Matteo follows the origins filming and often frenzied fan reception of projects from the 1964 premiere of *A Hard Day's Night* through 1970's *Let It Be* to the release of *Get Back* in 2022 Matteo explores the production process original theatrical film releases subsequent VHS DVD and Blu ray releases and bonus materials along with the US and UK soundtracks In addition to copious anecdotes and behind the scenes details he also places these films in their larger context a period of unprecedented artistic and commercial innovation in British and world cinema Filled with stories and insights that will satisfy collectors buffs and casual fans alike this is the definitive account of an underappreciated part of the Beatles creative output
