Language Hacking French Benny Lewis, 2017-03-28 It's true that some people spend years studying French before they finally get around to speaking the language. But here's a better idea: Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of French, *Language Hacking* shows you how to learn and speak French through proven memory techniques, unconventional shortcuts, and conversation strategies perfected by one of the world's greatest language learners: Benny Lewis, aka the Irish Polyglot. Using the language hacks and shortcuts that Benny mastered while learning his 11 languages, and his *Speak from the Start* method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic, it's not a language gene, it's not something only other people can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in French from day one. The *Method* *Language Hacking* takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking mission that prepares you to use the language you've learned to talk about yourself. Through the *Language Hacker* online learner community, you can share your personalized speaking missions with other learners, getting and giving feedback and extending your learning beyond the pages of the book. You don't need to go abroad to learn a language any more. [The principles of French grammar](#). [With] Key Charles S. Le Harivel, 1898 **The speaking French grammar. [With] Key** J. V. French Made Simple Pamela Rose Haze, 2010-04-21 *French Made Simple* will help you learn to speak French quickly and easily. An invaluable introduction to one of the most studied languages, *French Made Simple* is ideal for students, business professionals, and tourists alike. Teaching the basics of grammar, vocabulary, and culture, it guides you step by step through the process of learning and conversing quickly. Refreshingly easy to understand, *French Made Simple* includes Grammar basics, Modern vocabulary, Helpful verb chart, French-English dictionary, Reading exercises, Economic information, Common expressions, Review quizzes, Complete answer key. [MotorBoating](#), 1961-12 **Medieval Women and War** Sophie Harwood, 2020-07-23 For the first time, Sophie Harwood uses the Old French tradition as a lens through which to examine women and warfare from the 12th to the 14th centuries. The result is a skilled analysis of gender roles in the medieval era and a heightened awareness of how important literary texts are to our understanding of the historical period in which they circulated. *Medieval Women and War* examines both the text and illustrations of over 30 Old French manuscripts to highlight the ways in which many of the texts differ from their traditionally assumed, usually classical sources. Structured around five pivotal female types, women cited as causes for violence, women as victims of violence, women as ancillaries to warriors, women as

warriors themselves and women as political influences this important book unpicks gendered boundaries to shed new light on the social political and military structures of warfare as well as adding nuance to current debates on womanhood in the middle ages
