Frigid Frigid 1 J Lynn:

Frigid J. Lynn, 2013 Sydney loves Kyler but he is a player and she won't risk their friendship by declaring her feelings for him. Kyler has always put Syd on a pedestal but in his mind he will always be the poor boy from the wrong side of the tracks. Kyler hides his feelings for Sydney by bedding lots of other women. When they are stranded together in a snowstorm their feelings come to the surface but someone is stalking them and they may not get out alive. **Frigid** Jennifer L.

Armentrout, 2024-11-05 He's been naughty and she's always been nice. Until now. For Sydney being in love with Kyler isn't anything new. They'd been best friends ever since they were kids. But somewhere over the years she fell for him and fell hard. The big problem with that is Kyler puts the man in man-whore. Kyler has always put Syd on a pedestal that was too high for him to reach. To him, she's perfect. But the feelings he has for her are always hidden away. After all, Kyler will always be the poor boy from the wrong side of tracks and Syd will always be the one girl he can never have. But when they're stranded together at a posh ski resort due to a massive Nor'easter, there's nothing stopping their red-hot feelings. Can their friendship survive the attraction? Better yet, can they survive at all? Because as the snow falls, someone is stalking them and this ski trip may be a life-changer in more ways than one. WHAT TO EXPECT: Friends to lovers, college romance, steamy, bad boy gets the good girl, dual POV, forced proximity, stranded together, only one bed, guilty pleasure. WHAT ARE THE READERS SAYING? I completely adored this book. Kyler and Sydney are one of my favourite couples ever now. This has totally pulled me out of my book slump but at the same time left me with a huge book hangover. A warming love story with steamy scenes and laugh-out-loud humour. This is one of my favourite books and I love to re-read it especially when I'm in the mood for winter snow and some Sydney and Kyler. Easy to read, put a smile on my face and kept me gripped. Couldn't ask for anything else. **Prequels, Coquels**

and Sequels in Contemporary Anglophone Fiction Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction: novel expansion, when the plot and characters from a finished novel are retrieved to be developed in new adventures set before, after, or during the narrative time of the source text. If autographic and allographic sequels are almost as old as literature, prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent. The overall trend for novel expansion spread in the mid-1980s and 1990s and has since shown no sign of abating. This volume is organised following three types of relationships to the source texts: even if these occasionally combine to produce a more complex structure. This book comprises 11 essays preceded by an introduction that examines narrative strategies, aesthetic, ethical, and political tendencies underlying these novel expansions. Following the overview provided in the introduction, the reader will find case studies of prequels, coquels, and sequels before a final chapter that encompasses them all and more. **The Frigid Golden Age**
