

Mrs. Schächter's presence is tense because she is upset about the loss of her family. While she is traveling on the train she believes that she sees fire in the distance. When the other's on the train look to see the fire, they discover that there is none.

3. How do the men and women explain Mrs. Schächter's visions? Cite examples from the text. Explain whether or not the reader should see Mrs. Schächter as a prophet or simply as a woman who is delusional.

The men and women try to rationalize the woman's behavior. The following are examples of reasoning that they use:

- "She is mad, poor woman..." (Pg. 25)
- "You'll see, you'll find your husband and sons again... In a few days..." (Pg. 25)
- "It was though she were possessed by some evil spirit." (Pg. 25)
- "She is hallucinating because she is thirsty, poor woman... That's why she speaks of flames devouring her..." (Pg. 25)

The reader should recognize that the woman is in fact delusional, but in her delusions she recognizes her fate. The other people, considered sane by the reader's standards, do not recognize what is going to happen to them, in much the same way that the people of Sighet did not recognize the warnings of Moishe the Beadle.

4. How did the men and women deal with Mrs. Schächter? How does the treatment of Mrs. Schächter reflect Elie Wiesel's conviction that evil treatment of the Jews led to their belief that they were less than human?

The men and women bound and gagged Mrs. Schächter. They also beat her. "She received several blows to the head, blows that could have been lethal." (Pg. 26) In a community in which a woman is well-known to the others, normally the community would not beat and gag someone who is suffering. Because the prisoners have been subjected to the same type of treatment, they treat the weaker members of the group in the same way.

5. How does Wiesel use foreshadowing in the story of Mrs. Schächter?

Wiesel uses foreshadowing by illustrating the brutality that takes place under the circumstances in which the men and women are placed. With Mrs. Schächter, the reader sees her own people turning on her. This foreshadows the brutality that the Jewish people will face at the hands of the German officers and again at the hands of each other as they are trying to save themselves.

## Chapter 3

1. What does the following line indicate about Eliezer's emotional condition? How do we know that the emotion is universal?

"The beloved objects that we had carried with us from place to place were now left behind in the wagon and, with them, finally, our illusions." (Pg. 29)

Eliezer finally recognizes that the promises that were made when they were being deported from Sighet were lies. He recognizes that as he loses the material objects he came with, The reader

Wilcox, 2016-06-28 Abraham Joshua Heschel said that We are closer to God when we are asking questions than when we have the answers He believed that to be a Christian is not to be a person who knows all the answers but one who lives in the part of the self where the question is constantly being born Most of us don't think very much about our questions In our culture we are accustomed to being able to find out answers to nearly any question just

by typing it into Google search or asking Siri But behind any answer there is always a question Sometimes the question isn't clear to us sometimes it is not very well articulated even to ourselves But it is always there In over thirty years as a psychotherapist and spiritual director Peter C Wilcox has seen how the questions people ask themselves have shaped their lives in some very important ways This book is an invitation to see how important it is to learn how to ask the right questions about our lives This is because our choice of questions leads us on a path of discovery towards answers that help us to grow spiritually and psychologically Our questions orient our lives and give direction to us We will see that they enable us to make fifteen choices that have a tremendous impact on the kind of person we become **Reflections of an Unconverted**

trauma he contends and efforts to portray the Holocaust as an immediate and personal experience are responses to an encroaching sense of unreality In America we are haunted not by the traumatic impact of the Holocaust but by its absence When we take an interest in the Holocaust we are not overcoming a fearful aversion to its horror but endeavoring to actually feel the horror of what otherwise eludes us Weissman focuses on specific attempts to locate the Holocaust in the person of Elie Wiesel the most renowned survivor and his classic memoir *Night* in videotaped survivor stories and Lawrence L Langer's celebrated book *Holocaust Testimonies* and in the films *Shoah* and *Schindler's List* These representations he explains constitute a movement away from the view popularized by Wiesel that those who did not live through the Holocaust will never be able to grasp its horror and toward re-creating the Holocaust as an experience nonwitnesses may put themselves through It is only by acknowledging the desire that gives shape to such representations and by exploring their place in the ongoing contest over who really knows the Holocaust and feels its horror that we can arrive at a more candid assessment of our current and future relationships to the Holocaust he says

*The Paradox of Trauma and Growth in Pastoral and Spiritual Care* Mary Beth Werdel,2023-10-24 *The Paradox of Trauma and Growth in Pastoral and Spiritual Care* Night Blooming introduces and bridges the gap between the psychological and spiritual perspectives and responses in trauma work illuminating the complexity of the human phenomenon of growth though suffering that is too easily misunderstood in the context of pastoral and spiritual care Through the hopeful metaphor of night bloomers rare plants that grow because of light but bloom in the darkness it is suggested that while psychological trauma is inherently negative and suffering creates a spiritual inner night moving through it may reveal a new complex reality of the human experience not previously understood We may see ourselves others or the world in a way that is stronger wiser deeper or more brilliant than we had known before The book presents the goal of pastoral and spiritual work is not to extinguish darkness Nor is it to solely focus on the light The work is to learn how to stay awake through the night without glorifying it Such a task is far easier when we believe there might be a rare and uniquely beautiful bloom to stay awake for and that witnessing such a bloom could have great consequences for living a meaningful life

*Fathoming the Holocaust* Ronald J. Berger, *Fathoming the Holocaust* represents the culmination of a singular effort to attempt to explain the Final Solution to the Jewish Problem in terms of a general theory of social problems construction The book is comprehensive in scope covering the origins and emergence of the Final Solution wartime reaction to it and the postwar memory of the genocide It does so within the framework of a social problems construction a perspective that treats social problems not as a condition but as an activity that identifies and defines problems persuades others that something must be done about them and generates practical programs of remedial action Berger holds that social problems have a natural history that is they evolve through a sequence of stages that entail the development and unfolding of claims about problems and the formulation and implementation of solutions *Fathoming the Holocaust* is therefore a book that aims to advance sociological understanding of the Holocaust not simply to describe its history but to examine its social construction that is to understand it as a consequence of concerted human activity In doing so Berger hopes to encourage the teaching of the Holocaust in the social scientific curricula of higher education In contrast to the extensive historical literature on the Holocaust Berger offers

a distinctly sociological approach that examines how the Holocaust was constructed first as a social policy designed by the Nazis implemented by functionaries and resisted by its victims and opponents later as several varying layers of historical memory The scope of this book extends from the prewar through the contemporary periods focusing on the societal issues governing the interpreting of these events in Israel the German Federal Republic and the United States Berger's is a text with both large general interest and essential material for courses in social problems European history and Jewish studies Ronald J Berger professor of sociology at the University of Wisconsin Whitewater has previously published six books and numerous articles and book chapters His earlier book on the Holocaust was a sociological account of his father and uncle's survival experiences
