

d. He gets contact lenses for perfect vision.

03. What does the term "Valid" mean in Vincent's society?

A valid is a person who is one of the genetic elite and has genes that are good enough to work in a space agency like GATTACA.

04. Where are the space missions taking supplies and people?

The people and supplies are going to Titan (one of the moons of Saturn).

05. When Vincent was born, what did the nurse immediately do, and why?

A blood sample was taken and analyzed, so that Vincent's genetic profile could be ascertained. The nurse read out Vincent's statistics, which included a 99% probability of a heart defect and a life expectancy of 30 years.

06. How are humans "expected" to reproduce?

Humans are expected to go to their local geneticist for in vitro fertilization and embryo transplantation.

07. What motivates people to use genetic screening?

People want the best genes for their children because genes determine job and social status. People also want to choose the gender, and other physical characteristics of their child. People want to eliminate diseases and other pre-disposing conditions in their children.

David A. Sinclair, Matthew D. LaPlante, 2019-09-10 A NEW YORK TIMES BESTSELLER Brilliant and enthralling The Wall
Street Journal A paradigm shifting book from an acclaimed Harvard Medical School scientist and one of Time s most
influential people It s a seemingly undeniable truth that aging is inevitable But what if everything we ve been taught to
believe about aging is wrong What if we could choose our lifespan In this groundbreaking book Dr David Sinclair leading
world authority on genetics and longevity reveals a bold new theory for why we age As he writes Aging is a disease and that
disease is treatable This eye opening and provocative work takes us to the frontlines of research that is pushing the
boundaries on our perceived scientific limitations revealing incredible breakthroughs many from Dr David Sinclair s own lab
at Harvard that demonstrate how we can slow down or even reverse aging The key is activating newly discovered vitality
genes the descendants of an ancient genetic survival circuit that is both the cause of aging and the key to reversing it Recent
experiments in genetic reprogramming suggest that in the near future we may not just be able to feel younger but actually
become younger Through a page turning narrative Dr Sinclair invites you into the process of scientific discovery and reveals
the emerging technologies and simple lifestyle changes such as intermittent fasting cold exposure exercising with the right
intensity and eating less meat that have been shown to help us live younger and healthier for longer At once a roadmap for
taking charge of our own health destiny and a bold new vision for the future of humankind Lifespan will forever change the
way we think about why we age and what we can do about it
