Proceedings of the First International Symposium on Basic Environmental Problems of Man in Space Hilding

Bjurstedt, 2012-12-06 This volume contains the communications and discussions of the First International Symposium on Basic Environmental Problems of Man in Space which was held 29 October 2 November 1962 at Unesco House Paris under the joint sponsorship of the International Astronautical Federation IAF and the International Academy of Astronautics IAA with the cooperation and support of Unesco the International Atomic Energy Agency IAEA and the World Health Organization WHO At this Symposium 31 communications were presented 8 of which were from the USSR 8 from the USA and 15 from other countries all by special invitation The presentations which included three general review papers were made in ten half day working sessions by a distinguished international group The proceedings were not restricted to the acute professional aspects of man in space In fact the majority of the vast store of material contained in this volume deals with the more scientific aspects i.e. with problems of the future which are contributed mainly by conventional areas of physiology and psychophysiology including the technical research activities pertaining to the acquisition analysis and control

of biomedical data Dada and beyond Elza Adamowicz, Eric Robertson, 2011 This collection of critical essays celebrates the subversive and challenging creativity of the Dada movement born in pacifist Zurich in 1916 in violent reaction to the First World War It examines the collective and individual activities that took place under the name of Dada in Zurich Cologne Berlin Paris New York and Barcelona and explores the various creative forms employed including text collage photomontage objects dance performance and film The authors suggest new ways of understanding the work of the most famous Dadaists while also casting light on the contribution of hitherto neglected figures Far from attempting to reduce Dada to a homogeneous movement or to define a unifying principle beneath and beyond the multiple directions taken by Dadaists this collection aims to respect the diversity and heterogeneity of the movement s collective activities as well as the specificity of its individual actors **Mirror-based and Field-reversed Approaches to Magnetic Fusion** ,1984 **Albania**

International Monetary Fund. Fiscal Affairs Dept., 2019-04-02 This Technical Assistance Report discusses several tax administration issues and high level recommendations for the reform agenda The General Directorate of Taxes GDT continues to make good progress in modernizing its administration of the taxation system A program to consolidate some core functions into fewer regional locations beginning with the arrears collection function should be accelerated The GDT s increased use of electronic services and telephone contact centers reduces the need for face to face contact with taxpayers The GDT must have access to a broader range of third party information and data warehouse facilities to manage the risk assessment with automated analytical tools There are some positive developments in the audit function however further capacity building is necessary A new comprehensive desk audit manual has been developed which will help to standardize operations and provide more appropriate case allocation based on auditor experience and skills
