Something Greater Jeanne Choy Tate, 2013-05-21 Every day Americans rub shoulders with the cultures of the world on the sidewalks of their cities and increasingly in small towns and rural areas. As civil discourse becomes increasingly divisive, many long for our nation to better deal with its diversity. Yet Americans also wonder how far the nation can stretch to embrace diversity and still maintain an identity. Ethnic and faith communities of many varieties share a fear of losing their traditions. Will the next generation still honor the values of caring for others and contributing to community life? The psychology of individualism that underlies American life is no longer adequate to guide a future filled with diversity. America's children may have wings to soar into the future, but they lack roots connecting them to a shared heritage. Something Greater explores the impact of individualism on American child-rearing practices and its inability to deal with diversity while sustaining life together in families and communities. By contrasting the intergenerational values of biblical and Chinese communities and current infant research with her own experiences in San Francisco's Chinatown, the author reveals how the living stories of heritage that lie at the heart of human development speak to a deep American hunger for shared values and connectedness in family and community. Changing Lives: Gustavo Dudamel, El Sistema, and the Transformative Power of Music Tricia Tunstall, 2012-01-23 Reminds us of how arts education can change lives. Gary Stager, Huffington Post. In this vivid story, Economist Tricia Tunstall chronicles the origins and growth of Venezuela's acclaimed El Sistema national music education program. Reed Johnson, Los Angeles Times, and illustrates its overarching goal to rescue children from the depredations of poverty through music. What began in Venezuela has extended to Los Angeles, New York City, and Baltimore, illustrating that El Sistema is not just a program; it's a movement. Combining firsthand interviews with compelling stories, Changing Lives reveals that arts education can indeed effect positive social change in the United States and around the world. **Annual Meeting** Michigan Press Association, 1895 Comprehensive Calendar of Bicentennial Events American Revolution Bicentennial Administration, 1975-06
