

Please answer questions completely and thoroughly on a separate sheet of paper.

1. Why was it significant that George Washington, a Virginian, was selected to be the commander of the Continental Army? (as opposed to a New Englander)
2. Why did the colonists feel it was important to formally declare independence from Great Britain even though New England was already at war with Britain?
3. The Declaration of Independence did not include an abolishment of slavery even though most people in the colonies felt it was wrong to transport Africans against their will to work without freedom. Why did colonists agree not to free slaves in the Declaration of Independence despite Jefferson's call for the "right of life, liberty, and the pursuit of happiness"? Give reasons for both the North and the South.
4. Though the formal army of the colonists was smaller, weaker, less experienced, and less skilled than the British, how did the colonists prove early on that they would put up a strong fight during the American Revolution?
5. Why was the Battle of Saratoga a turning point in the war for the Americans? What did the British learn from this battle? What did the French learn? The Americans? The Indians?
6. Why was the South important to the British? How did the colonial "guerrillas" help keep the British from taking the south and marching north?
7. How did the French help the Americans and force Cornwallis's surrender?
