Public Policy and Governance Frontiers in New Zealand Evan Berman, Girol Karacaoglu, 2020-07-10 New Zealand is widely regarded as a leader in public policy and governance reforms and innovations being an early adopter of New Public Management a leader in e government and transparency Discussing reforms including those in policy areas such as well being sustainability environmental management agriculture and indigenous development Principles of Contemporary Corporate Governance Jean Jacques du Plessis, Anil Hargovan, Jason Harris, 2018-02-16 Now in its fourth edition Principles of Contemporary Corporate Governance offers comprehensive coverage of the key topics and emerging themes in private sector corporate governance It explains both the principles of corporate governance systems and their real world application in an authoritative and engaging manner This fully revised and updated text has four parts basic concepts board structures and company officers corporate governance in Australia corporate governance in international and global contexts and shareholder activism and business ethics The coverage of international contexts includes sections on the US the UK Canada South Africa the EU the OECD Germany Japan China and Indonesia plus new sections on New Zealand and India A new chapter on business ethics and corporate governance presents contemporary discussions on the topic and explores some of the broader legal issues Principles of Contemporary Corporate Governance is an indispensable resource for business and law students academic researchers and practitioners *The Governance of Schooling* Margaret A. Arnott, Charles D. Raab, 2002-11-01 Recent reforms in the governance of schooling have affected roles relationships and decision making within schools and between them and the wider community Using empirical and theoretical approaches this book describes analyses and compares the effects of devolved management on secondary schools in a number of countries It casts a critical light upon policy assumptions and aims challenging assumptions about the way policy works in practice Through a comparative international perspective which looks at countries including the UK and the US the conflicting options for school governance are addressed These include parental participation and school management policy professional managerial and market principles in education school based decision making and the implications of overarching government policies devolution and centralisation This is a timely study for practitioners in education policy makers in local and central government academics and students of education policy and management **Case Studies in Fisheries Self-governance** Ralph Edwin Townsend, Ross Shotton, Hirotsugu Uchida, 2008-01-01 This special issue focuses on the Scientific forum held at the beginning of the International Technical Conference on Animal Genetic Resources for Food and Agriculture which took place in Interlaken Switzerland in September 2007 **The Geographies of Garbage Governance** Anna R. Davies, 2016-03-03 Previously perceived as a local technical issue for governments waste management is now also a global socio political process involving complex patterns of multi level governance Yet these geographical complexities have not previously been considered in any detail This book examines the neglected geographies of waste management in particular the integral

processes of trans localization and politicization that are emerging in waste networks Illustrated by in depth case studies from New Zealand and Ireland it critically analyzes the interaction between political scales of governing waste from the local to the supra national level It also looks at the impact of wider systems of governance civil society and the private sector on waste management policy and practices In doing so the book provides a better understanding of waste governance and recommendations for better management of the waste sector in the future Racialized Correctional Governance Claire

Spivakovsky,2016-05-23 Racialized Correctional Governance examines problems in the relationship between criminology and racialized issues It questions current models for discussing issues of race in criminal justice systems and asks why a comprehensive theory of race and criminal justice has yet to develop in the discipline It takes into account the full nature of problems facing racialized peoples in criminal justice systems the developments and tensions in criminological theory and practice as well as the scope of racialized criminal justice issues and where they occur Suggesting that current explanations for the over representation of racialized peoples in the criminal justice system are inadequate the book explores the mutual constructions of race and criminal justice It examines the shortcomings of current discourse giving an account of how race criminal justice and criminology are interrelated Aiming to provide criminology with tools to engage with issues of race and criminal justice the book develops and applies a set of rules to a series of case studies and proposes ideas for transforming institutional practice **Colonization and the Origins of Humanitarian Governance** Alan Lester,Fae

Dussart,2014-04-17 This book reveals the ways in which those responsible for creating Britain s nineteenth century empire sought to make colonization compatible with humanitarianism Handbook of Marine Fisheries Conservation and Management R. Quentin Grafton,Ray Hilborn,Dale Squires,Maree Tait,Meryl Williams,2010-01-21 This handbook is the most comprehensive and interdisciplinary work on marine conservation and fisheries management ever compiled It is the first to bridge fisheries and marine conservation issues Its innovative ideas detailed case studies and governance framework provide a global special perspective over time and treat problems in the high seas community fisheries industrial fishing and the many interactions between use and non use of the oceans Its policy tools and ideas for overcoming the perennial problems of over fishing habitat and biodiversity loss address the facts that many marine ecosystems are in decline and plagued by overexploitation due to unsustainable fishing practices An outstanding feature of the book is the detailed case studies on conservation practice and fisheries management from around the world These case studies are combined with foundation chapters that provide an overview of the state of the marine world and innovative and far reaching perspectives about how we can move forward to face present and future challenges The contributors include the world s leading fisheries scientists economists and managers Ecosystem and incentive based approaches are described and complemented by tools for cooperative participatory solutions Unique themes treated fisher behavior and incentives for management beyond rights based approaches a synthesis of proposed solutions a framework for understanding and overcoming the critical determinants

of the decline in fisheries degradation of marine ecosystems and poor socio economic performance of many fishing communities models for innovative policy instruments a plan of action and adoption pathways to promote sustainable fishing practices globally Collectively the handbook s many valuable contributions offer a way forward to both understanding and resolving the multifaceted problems facing the world s oceans

Leadership and Change Management Daphne Halkias,Joseph C. Santora,Nicholas Harkiolakis,Paul W. Thurman,2017-03-16 A leader s role in the management of change is a critical issue for successful outcomes of strategic initiatives Globalization and economic instability have prompted an increase in organizational changes related to downsizing and restructuring in order to improve financial performance and organizational competitiveness Researchers agree that a leader s inability to fully understand what is needed in order to guide their organization through successful change can be a reason for failure Proper planning and management of change can reduce the likelihood of failure promote change effectiveness and increase employee engagement Yet change in organizations must be viewed as a continuous activity that affects both organizational and individual outcomes If change management can be considered as an event induced by socio cultural factors the cultural variable gains greater significance when applied to the quality of the relationship between a leader and their team Many organizations today are on the verge of internationalization It is here that the cultural context can affect behaviors and in the same way leadership style The research presented in this book by an eminent group of scholars explores the influence of culture ethnic regional religious on how leaders manage change within organizations

Environmental Constitutionalism in the Anthropocene Domenico Amirante,Silvia Bagni,2022-04-03 This book examines the relationship between man and nature through different cultural approaches to encourage new environmental legislation as a means of fostering acceptance at a local level In 2019 the International Union of Geological Sciences IUGS recognised that we have entered a new era the Anthropocene specifically characterised by the impact of one species mankind on environmental change The Anthropocene is penetrating the discourse of both hard sciences and humanities and social sciences by posing new epistemological as well as practical challenges to many disciplines Legal sciences have so far been at the margins of this intellectual renewal with few contributions on the central role that the notion of Anthropocene could play in forging a more effective and just environmental law By applying a multidisciplinary approach and adopting a Law as Culture paradigm to the study of law this book explores new paths of investigation and possible solutions to be applied New perspectives for the constitutional framing of environmental policies rights and alternative methods for bottom up participatory law making and conflict resolution are investigated showing that environmental justice is not just an option but an objective within reach The book will be essential reading for students academics and policymakers in the areas of law environmental studies and anthropology
