Holt People, Places, and Change Robert J. A History of Market Performance R.J. Van der Spek, Jan Luiten van Zanden, Bas van Leeuwen, 2014-09-04 This exciting new volume examines the development of market performance from Antiquity until the dawn of the Industrial Revolution. Efficient market structures are agreed by most economists to serve as evidence of economic prosperity and to be prerequisites for further economic growth. However, this is the first study to examine market performance as a whole over such a large time period. Presenting a hitherto unknown and inaccessible corpus of data from ancient Babylonia, this international set of contributors are for the first time able to offer an in-depth study of market performance over a period of 2500 years. The contributions focus on the market of staple crops as they were crucial goods in these societies. Over this entire period, all papers provide a similar conceptual and methodological framework resting on a common definition of market performance combined with qualitative and quantitative analyses resting on new and improved price data. In this way, the book is able to combine analysis of the Babylonian period with similar work on the Roman, Early and Late Medieval, and Early Modern periods. Bringing together input from Assyriologists, ancient historians, economic historians, and economists, this volume will be crucial reading for all those with an interest in ancient history, economic history, and economics.

Black Africa Robert C. Mitchell, Donald G. Morrison, John N. Paden, 1989-07-17 Black Africa presents political, economic, and social data for 41 black African nations. The first edition was published in 1972 and included only data on 32 countries, which was the total number of independent African nations at that time. Enlarging on the first edition, this second edition covers in detail important aspects of the countries included, from demography to political development and social mobilization to a modern comparative analysis of African states. Black Africa is a complete and comprehensive handbook. The first edition of Black Africa won a Book of the Year Award from the American Library Association.
