In Love and College: A Practical Guide to Practical Relationships Stephen Phillips, 2008-04-01. College is much more than the start of a new career path. While students are trying to discover who they are, they often discover love along the way. Some say they aren't ready to settle down, but those same people might wind up in committed relationships long before they graduate. Maintaining that relationship through the uncertainties of college, however, is not easy. In this opinionated and often humorous guide, Stephen Phillips cuts the crap and removes the security

blanket from traditional love advice In Love And College puts it all in a nutshell covering the most common issues and issues you may not have considered that arise in college relationships Whether you re actively seeking commitment or you already have it this practical guide to practical relationships puts you and your partner in control of the romance communication and compromise needed to stay afloat if and when things get difficult
