A Manual for Governance of a Home Owner's Association Mitchell E. Roth,2015-05-14 This Manual is valuable because It details the development of condominiums It educates condominium owners about their civil rights It reveals how owners could unknowingly be disenfranchising themselves It unfolds a road map to a purely democratic system of self governance It explains the choices that owners have for a personally accountable system of governance It describes the essential difference between true democracy and pure democracy It includes a brief commentary on a parallel universe namely the American system of representative democracy and the monumental problems which need to be addressed It informs the members of their association regarding the importance of Roberts Rules of Order as an inclusion in their Bylaws It allows the voice of the minority to be heard and requires that the decision of the majority be acknowledged contrarily it allows the silence of the members to be the equivalent of consent without a vote It requires that the chairperson of a meeting of an association conduct a meeting in an orderly manner and insist that the voters be mutually respectful with the liberal use of a gavel It declares that the

chairperson must remain impartial at all times by not expressing an opinion on a motion thereby compromising a vote

Happy Homes is a user friendly guide to help the average Maryland condominium association Condo and homeowner association HOA owner live in harmony and understand how to peacefully coexist with their neighbors and with their community association The key to happiness in shared communities is to understand the association s governing documents and also to understand the requirements and protections of Maryland Condo and HOA law Although anyone can look up these laws on the Maryland legislative web site <http://mgaleg.maryland.gov/webmgafm1st.aspx?tab=home> the average homeowner has difficulty understanding the legalese of the statutes Drawing on what I learned from volunteering with the Maryland Homeowners Association MHA a Maryland statewide group dedicated to protecting the rights of homeowners living in Condos and HOAs this book is my translation of the applicable Maryland laws into easy to understand prose I give references to actual statutes so readers can check the original statutes online For completeness this book defines terms found in the statutes and also provides association Best Practices This book is not a substitute for reliable legal advice but rather is intended to help homeowners understand the parameters of association living Since state laws change yearly updates to Happy Homes will be provided on my web site www.jeanneketley.com Every homeowner is entitled to the peaceful enjoyment of his or her home For those of us living in Condos and HOAs it is my hope that Happy Homes makes this goal a little easier for you **Your Home Is Your Castle** Richard S. Blumenfeld,2006-09-26 Your Home is Your Castle was written by Richard Blumenfeld as a manual for those interested in the management of residential homeowner associations Years ago developers saw homeowner associations as troublesome components of their primary function to build and successfully sell housing The popularity of homeowner associations forced developers to rethink their philosophy and include associations as a part of their offering Unfortunately many do not understand the complexity of homeowner associations Developers take shortcuts and the results are often disaster Homeowners feel secure that their homeowner association will protect their home s values and enhance their quality of life However they seldom understand their responsibilities and the work that goes

into making an HOA a success Homeowner associations must be operated as a business and there is no room for personal agendas Understanding of case law applicable to homeowner associations is mandatory Do owners read their Declaration of Covenants and do they understand the bylaws of their community Do developers strive to create a set of HOA documents that are appropriate for their homeowners Your Home is Your Castle is a common sense road map that can be followed by developers homeowners management companies and those considering entering the HOA management business
