participation of young people combating discrimination recognition of youth work and non formal education promoting gender sensitive approaches to the elaboration of youth policies This publication is an accompaniment to this recommendation and aims to bring its content closer to policy makers youth work practitioners youth organisations and youth workers and provide step by step information and guidance on the implementation of the recommendation The publication also offers advice and examples of actions to take and policies to develop so that the social rights of young people are taken seriously by all the actors concerned by social inclusion and social cohesion
