

## VAM (VISTA Automation Module) - Installation & Setup Guide

### Introduction

VISTA Automation Module (herein referred to as "VAM") combines home automation and home security and is intended for use with compatible VISTA® series control panels. VAM includes a built-in web server, Wi-Fi® capability, and Z-Wave® technology allowing VISTA installations to support Z-Wave devices.

The VISTA Automation Module also supports Remote Services for controlling Z-Wave devices and Scenes remotely from an associated Total Connect™ account.

VAM is controlled using a web browser on a Wi-Fi enabled smart device such as a Tablet PC, laptop, Smartphone, etc.

**DISPLAY NOTE:** For optimum viewing of the screens and menus, the tablet's font size setting may need to be adjusted.

### Make Wiring Connections

Connect VAM to the control panel's keypad data (ECP) terminals using a standard 4-wire keypad connector harness.

Wire Connections to the Control Panel

Verify that VAM and other connected devices do not exceed the control's Aux Power output capability. If it does, use a supplementary power supply as shown.

**IMPORTANT:** When VAM is powered from an auxiliary power supply, always apply power to the control panel first and then VAM. Failure to observe this sequence results in improper operation of VAM and may result in an ECP Error Indication.

Supplementary Power Connections

### Mount the VAM

VAM is for indoor use only and should be mounted near the control panel or a keypad connected to the control panel for ease of wiring.

VAM mounts to a wall surface by hanging on two screws. See the diagram below.

- Leave the screw heads 1/8" above the wall surface.
- If necessary, drill a hole in the wall for the wire harness to pass through.
- Connect the wire harness to the VAM before mounting. Refer to control panel's installation instructions for ECP wire limitations.

### Insert an SD/SDHC Memory Card

An SD card must be installed to receive automatic software upgrades. The SD card can be left in the VAM. See Software Upgrades section.

- Avoid touching the contacts on the card
- 4GB SD card supplied
- Supports up to 16GB SD Card

Insert the memory card (SD/SDHC Card) as shown.
