Public Expenditure Review* Malawi, 2001 Secondary School Curriculum Review Symposium, 1995 **Promoting Girls' Education in Africa** Nicola Swainson, 1997 This report presents research findings about the intellectual political and organizational processes that have shaped government and donor policies and projects concerned with promoting the education of women and girls in Malawi Tanzania and Zimbabwe The study seeks to assess the extent to which gender interventions in education have been donor driven The growing concern about large and persistent gender inequalities in education has led to the development of a number of initiatives on the part of multilateral and bilateral aid agencies aimed at encouraging the participation of women and girls in education Despite this concern efforts to reduce gender inequalities on the part of both governments and donor agencies have been uneven and policy interventions have evolved in a piecemeal fashion In order to explore the reasons for the limited progress that has been made in improving girls education in most developing countries this study focuses on policy formulation and implementation with respect to girls education in the three low income African countries Contains approximately 180 references BT **Presidential Commission of Inquiry Into the Malawi School Certificate of Education (MSCE) Examination Results** Malawi.
