

The Joy of First-Year Piano

A method and repertory for the beginning pianist by Denes Agay.

Moscow

Joy Of First Year Piano

Christian Drosten

Joy Of First Year Piano:

The Joy Of... First Year Piano Denes Agay,1987-12-01 Dennis Agay A method and repertory for the beginner Optional duet part for some pieces All in large notes very clear and easy to read Joy of First Year Piano: a Method and Repertory for the Beginning Pianist Denes Agay,1972 Natural Fingering Jon Verbalis,2012-04-06 Though incomplete at the time of his death in 1849 Chopin s Projet de m thode was nonetheless revolutionary in many respects But with his Fundamental Pattern Chopin announced the recognition if not discovery of the keyboard s extraordinary topographical symmetry and postulated a core formulation for a new pianistic pedagogy More than a hundred years later the now legendary Heinrich Neuhaus would passionately plead for this pedagogy and a pianism rooted in it Natural Fingering explores this remarkable symmetry significantly as it sheds light on fingering matters for the now vast catalogue of repertoire It also examines the revolutionary impact of equal temperament on compositional key choice as well as the liberating influence of Charles Eschmann Dumur s unique discoveries regarding symmetrical inversion Author Jon Verbalis develops principles for a topographically based fingering strategy that reflect a surprising compatibility of this fixed symmetrical organization with the most efficient biokinetic capabilities of the pianist s playing mechanism He addresses previously neglected or overlooked technical aspects of pianism as they relate to movement in keyboard space generally as well as fingering specifically Symmetrical fingerings for all the fundamental forms are presented in innovative instructive format The reader will also find an unusually extensive in depth discussion of double note challenges Answering Neuhaus s call for the reappraisal of a certain pedagogical status quo several chapters are devoted to the relevant implications of Chopin s Fundamental Pattern The author also advances guidelines for a progressive implementation of natural fingering principles from the very start as well as retooling for teachers and students alike Of special note are the cross hand major and minor scales for the earliest stages in which the necessity of thumb under hand over pivoting actions is eliminated Natural Fingering is the first comprehensive discussion of fingering solutions for pianists since Hummel s monumental treatise of 1828 The book is complemented by a companion website which serves as a supplement to the printed edition The website features copious excerpts from the extant repertoire extended discussions on relevant topics and a comprehensive manual of the fundamental forms with symmetrically adjusted fingerings More Classics To Moderns, 2nd Series: Book 1 Yorktown Music Press,2000-01-01 A selection of original piano music exactly as written by the master composers of three centuries The music provides the pianist with a repertoire which is enjoyable for player and listener alike Compiled and edited by Denes Agay Suitable for pianists from grade 1 2 standard **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1974 **Catalog of Copyright Entries** Library of Congress. Copyright Office,1973 How to Teach Piano Successfully James W. Bastien,1977 **The Joy of First-year Piano** Denes Agay,1992 Yorktown Designed for use as a method book this volume allows the teacher to vary the approach according to the needs of the student The book can also

be used as a source of carefully graded pieces for use with any first year method
Agay,1972 Musical Observer ,1925

The Joy of First-year Piano Denes

Reviewing **Joy Of First Year Piano**: Unlocking the Spellbinding Force of Linguistics
