und Urteil Band 5 Materialien Register Chronologie und kurze Portraits der Beteiligten **Transport, statistiques mensuelles**, 2006 **Visualizing Medieval Medicine and Natural History, 1200-1550** Jean A. Givens, Karen M. Reeds, Alain Touwaide, 2016-12-05 Images in medieval and early modern treatises on medicine pharmacy and natural history often confound our expectations about the functions of medical and scientific illustrations They do not look very much like the things they purport to portray and their actual usefulness in everyday medical practice or teaching is not obvious By looking at works as diverse as herbals jewellery surgery manuals lay health guides cinquecento paintings manuscripts of Pliny's Natural History and Leonardo's notebooks Visualizing Medieval Medicine and Natural History 1200 1550 addresses fundamental questions about the interplay of art and science from the thirteenth to the mid sixteenth century What counts as a medical illustration in the Middle Ages What are the purposes and audiences of the illustrations in medieval medical pharmaceutical and natural history texts How are images used to clarify expand authenticate and replace these texts How do images of natural objects observed phenomena and theoretical concepts amplify texts and convey complex cultural attitudes What features lead us to regard some of these images as typically medieval while other exactly contemporary images strike us as Renaissance or early modern in character Art historians medical historians historians of science and specialists in manuscripts and early printed books will welcome this wide ranging interdisciplinary examination of the role of visualization in early scientific inquiry **The Wealth of Communities** Matteo Di Tullio, 2016-12-05 The early decades of the sixteenth century were a turbulent time for the Italian peninsula as competing centres of power struggled for political control Nowhere was this more true than the area contested by Milan and Venice that was constantly crossed and occupied by rival armies Investigating the impact of successive crises upon the inhabitants of the Po Valley this book challenges many fundamental assumptions about the relationship between war and economic development and draws conclusion that have implications for early modern Europe as a whole In traditional historiography periods of war and general crisis have often been regarded as promoting a shift in resources from the communal towards a small number of individuals However through a close micro study of a single region this book offers a different perspective Rather than promoting an aggressive individualism it is argued that in times of general crisis social networks aimed to reproduce themselves and the original status quo by developing creative solutions and institutions favouring co operation Furthermore the elites could not always exploit local wealth because of the need to protect their position of leadership within the community which required the preservation of that very community This thesis not only challenges the received wisdom but also fuels a new debate about the ways in which economic growth occurred in Early Modern Italy and Europe Modéliser par l'exemple Gabor Maksay, Yves Pigneur, 2008-01-01 **The Automotive Sectors of South America and Mexico** South AmeriCar, 1997 *Reform*, 1991
